*Abelia x* <sup>'Lynn'</sup> USPP20604  
PINKY BELLS™ 2-3' Zones 6-9

This compact variety has the largest flowers of any abelia; lavender pink flowers bloom for months every summer. Red-flushed growth appears in spring and fall on elegant fountain-like stems.

Uses: Containers, landscapes, foundation plantings Growth Rate: Medium

*Abelia chinensis* <sup>'Kaiser'</sup> USPP21632  
RUBY ANNIVERSARY™ 4-6' Zones 5-9

This hardy abelia delivers more color as the dark, glossy foliage becomes flushed ruby red in spring and fall. Salmon pink buds open to fragrant, white flowers with soft pink bracts on cascading stems from midsummer to frost.

Uses: Landscapes, foundation plantings Growth Rate: Medium

*Abelia x grandiflora* <sup>'Rika1'</sup> USPP20568  
BRONZE ANNIVERSARY™ 3-4' Zones 6-9

The foliage of this abelia emerges a unique bronze-copper color and then matures to an attractive lime-green as the season progresses. Fragrant, white flowers bloom on cascading stems throughout the summer months.

Uses: Containers, landscapes, foundation plantings Growth Rate: Medium

*Abelia x grandiflora* <sup>'Minduo1'</sup> USPP24445 Can5236  
SUNNY ANNIVERSARY® 3-4' Zones 6-9

A true color breakthrough, this incredible abelia boasts yellow blooms painted with a splash of pink and orange. The large, fragrant flowers appear in midsummer and continue through September. Award winner.

Uses: Containers, landscapes, foundation plantings Growth Rate: Medium

*Abelia mosanensis* <sup>'SMNAMDS'</sup> USPP27370 CanPBRAF  
SWEET EMOTION® 5-6' Zones 4-8

This spring blooming species is extra hardy, thriving in both the north and south. Dark red-pink buds open to exceptionally fragrant, white flowers. Its elegant habit, attractive seed heads, and orange-red fall foliage put this shrub into the must-have category.

Uses: Landscapes, foundation plantings, mixed borders Growth Rate: Medium

**LOW SCAPE® Series**  
Low Scape aronias (chokeberry) are hardy, versatile native shrubs that adapt to most any conditions, tolerating sun and part shade, wet and dry soils, hot and cold climates. They bloom prolifically with white flowers in spring followed by a brilliant show of color in fall. Choose from hedging and mounding varieties.

Uses: Groundcover, hedges, mass plantings, restoration Growth Rate: Medium

*Aronia melanocarpa* <sup>'UCONNAM166'</sup> USPPAF CanPBRAF  
LOW SCAPE® Hedger 3-5' Zones 3-9

This narrow, columnar form is ideal for screening or creating hedges. It is a non-suckering, non-fruiting selection that turns vivid red in autumn.

*Aronia melanocarpa* <sup>'UCONNAM165'</sup> USPPAF CanPBRAF  
LOW SCAPE® Mound 1-2' Zones 3-9

This low growing, mounded selection is the perfect low maintenance groundcover. Its brilliant red autumn foliage is accented by purplish black fruit.

**SUNJOY® Series**  
All varieties in this series share exceptional garden performance, a refined habit and are very low maintenance with little to no pruning needed. They are all certified wheat rust resistant.

Uses: Hedges, borders, foundation plantings  
Growth Rate: Slow to Moderate

*Berberis thunbergii* <sup>'Celeste'</sup> USPP24586  
SUNJOY® Cinnamon 4-5' Zones 4-8

This shrub is a standout in the landscape due to its distinctive dark orange foliage and densely branched, upright mounding habit.

*Berberis thunbergii* <sup>'Koren'</sup> USPP24818  
SUNJOY® Citrus 2-3' Zones 4-8

Evaluated for over five years in full sun to ensure excellent burn-resistance, this bright yellow barberry keeps its color all season. It forms a neatly uniform, rounded habit that rarely requires shaping.

*Berberis thunbergii* <sup>'Talago'</sup> USPP20602  
SUNJOY® Gold Beret 6-12" Zones 4-8

This dwarf selection forms a low mound of gold foliage that takes on red tones in spring and fall. Its light-colored foliage has proven to be burn-resistant in our trials. Great color for small spaces. Award winner.

*Berberis thunbergii* <sup>'Maria'</sup> USPP18882  
SUNJOY® Gold Pillar 3-4' Zones 4-8

This columnar barberry is similar in shape to 'Helmond Pillar', but has bright gold, burn-resistant foliage and orange-red new growth. Its fall color is absolutely stunning. Useful for adding vertical structure in the landscape. Award winner.

*Berberis thunbergii* <sup>'Kasia'</sup> USPP24817  
SUNJOY® Mini Saffron 18-24" Zones 4-8

This dwarf yet fast-growing golden barberry keeps its cool without burning, even in the heat of summer. Hints of orange appear in spring followed by remarkable orange-red fall color. Neatly mounded, mid-sized plants rarely require shaping.

*Berberis thunbergii* <sup>'Mimi'</sup> USPP24841  
SUNJOY® Mini Salsa 18-24" Zones 4-8

Bred not to revert like 'Crimson Pygmy' is known to do, this improved variety remains consistently compact across the crop. Use it anywhere a low mounding, deep purple-red barberry is needed in residential and commercial landscapes.

*Berberis thunbergii* <sup>'Helen'</sup> USPP24819  
SUNJOY® Syrah 4-5' Zones 4-8

This taller, upright mounded barberry makes an excellent dense hedge and presents well in containers as its habit is very uniform. Its deep black-purple foliage provides an excellent backdrop for colorful annuals and perennials.

*Berberis thunbergii* <sup>'O'Byrne'</sup> USPP26546  
SUNJOY® Tangelo 3-4' Zones 4-8

Bright and cheery, this barberry has tangy orange new growth that is often accentuated by a distinctive chartreuse margin. Stronger growing than other variegated cultivars, it is colorful in the landscape from spring to fall.

*Betula x plettkei* <sup>'USPPAF'</sup> CanPBRAF  
'Golden Treasure' 2-4' Zones 2-7

Though closely related to birch trees, this is an exceptionally cold hardy, dwarf shrub form. New growth emerges in warm red and orange tones; cheerful chartreuse foliage carries through the whole season. Enjoy its fan-like natural habit or prune it into your desired shape. Award winner.

Uses: Groundcover, edging, perennial gardens, containers  
Growth Rate: Medium

INSPIRED PINK® *Buddleia x* <sup>Pink Pagoda</sup> USPP23214

INSPIRED™ Violet *Buddleia x* <sup>ILVOargus2</sup>

INSPIRED™ White *Buddleia* <sup>ILVOargus1</sup>

LO & BEHOLD® 'Blue Chip' *Buddleia* <sup>USPP19991 Can3602</sup>

LO & BEHOLD® 'Blue Chip Jr.' *Buddleia* <sup>USPP25981 CanPBR4F</sup>

LO & BEHOLD® 'Ice Chip' *Buddleia* <sup>USPP24015 Can4664</sup>

LO & BEHOLD® 'Lilac Chip' *Buddleia* <sup>USPP24016 Can4663</sup>

LO & BEHOLD® 'Pink Micro Chip' *Buddleia* <sup>USPP25547 CanPBR4F</sup>

### INSPIRED™ Series

These classic, full-sized buddleia offer huge blooms and magnificent color.  
Uses: Mixed borders, perennial beds *Growth Rate:* Fast

*Buddleia x* <sup>Pink Pagoda</sup> USPP23214  
INSPIRED PINK®  4-8' Zones 5-9   

Delightfully fragrant, clear pink flowers bloom all summer long. Since Inspired Pink is seedless, it is a great choice for areas where invasiveness is a concern.

*Buddleia x* <sup>ILVOargus2</sup>  
INSPIRED™ Violet  4-10' Zones 5-9   

Huge spires of fragrant, dark purple flowers shine against the glossy, dark green foliage.

*Buddleia* <sup>ILVOargus1</sup>  
INSPIRED™ White  4-8' Zones 5-9   

Fragrant, pure white flowers are produced abundantly on compact plants.

### LO & BEHOLD® Series

This collection of dwarf butterfly bushes provides summer-long color with brightly colored, fragrant panicles on low mounded plants. These non-invasive, interspecific varieties are permitted for sale in Oregon and Washington State.

Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

*Buddleia* <sup>USPP19991 Can3602</sup>  
LO & BEHOLD® 'Blue Chip'  24-30" Zones 5-9   

The first miniature butterfly bush, 'Blue Chip' is long blooming, frost tolerant, and needs no pruning or deadheading. Its fragrant flowers attract butterflies and hummingbirds. This beauty is an ideal choice for smaller landscapes and container gardens. Award winner.

*Buddleia* <sup>USPP25581 CanPBR4F</sup>  
LO & BEHOLD® 'Blue Chip Jr.'  18-30" Zones 5-9   

A newer look for buddleia, this junior edition is smaller and less brittle than the original and is the earliest blooming of the series. Its attractive silver-green foliage is topped all season with blue-purple flower panicles. Award winner.

*Buddleia* <sup>USPP24015 Can4664</sup>  
LO & BEHOLD® 'Ice Chip'  18-24" Zones 5-9   

This dwarf, wide-spreading addition to the Lo & Behold series has fragrant white flowers that rebloom until frost and that stand out beautifully against a backdrop of silvery foliage. Its neat, low-spreading habit makes it the perfect ground covering plant. Like 'Lilac Chip,' 'Ice Chip' is more compact than 'Blue Chip.' Award winner.

*Buddleia* <sup>USPP24016 Can4663</sup>  
LO & BEHOLD® 'Lilac Chip'  18-24" Zones 5-9   

'Lilac Chip' is a dwarf, seedless butterfly bush that reblooms from midsummer until frost without deadheading. It has fragrant lavender-pink flowers and is more compact than 'Blue Chip.' Award winner.

*Buddleia* <sup>USPP25547 CanPBR4F</sup>  
LO & BEHOLD® 'Pink Micro Chip'  18-24" Zones 5-9   

Orchid pink flower panicles bloom in abundance all summer atop a tidy mound of dark green foliage. Its small size makes it easy to grow in containers and to fit into urban gardens. Award winner.

LO & BEHOLD® 'Purple Haze' *Buddleia* <sup>USPP24514 Can4447</sup>

'Miss Molly' *Buddleia* <sup>USPP23425 Can4446</sup>

'Miss Pearl' *Buddleia* <sup>USPPAF CanPBR4F</sup>

'Miss Ruby' *Buddleia* <sup>USPP19550 Can3603</sup>

'Miss Violet' *Buddleia* <sup>USPPAF CanPBR4F</sup>

PUGSTER BLUE® *Buddleia* <sup>SMNBDBT USPPAF CanPBR4F</sup>

PUGSTER PERIWINKLE® *Buddleia* <sup>SMNBDDO USPPAF CanPBR4F</sup>

PUGSTER PINK® *Buddleia* <sup>SMNBDFP USPPAF CanPBR4F</sup>

*Buddleia* <sup>USPP24514 Can4447</sup>  
LO & BEHOLD® 'Purple Haze'  2-3' Zones 5-9   

Differing from others in this series in habit, this selection forms a wide, cascading mound of deep green foliage. It is loaded with dark purple-blue, arching flower panicles from midsummer to frost. Award winner.

*Buddleia* <sup>USPP23425 Can4446</sup>  
'Miss Molly'  4-5' Zones 5-9   

The fragrant flowers of 'Miss Molly' are a rich sangria-red, which may be even more pronounced in the South. This compact plant is smaller than many other buddleia varieties, and its distinctive blooms make summer gardens shine. Non-invasive. Award winner.  
Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

*Buddleia* <sup>USPPAF CanPBR4F</sup>  
'Miss Pearl'  4-5' Zones 5-9   

'Miss Pearl' shares the same refined shape and manageable height as the other fine ladies in this series, bearing crisp white, honey-scented flowers in summer. Non-invasive.  
Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

*Buddleia* <sup>USPP19550 Can3603</sup>  
'Miss Ruby'  4-5' Zones 5-9   

A sweetheart of a plant with remarkably vivid, fuchsia blooms, a compact habit, and soft silver-grey foliage. The color of 'Miss Ruby' is unlike any other buddleia on the market. Non-invasive. Award winner.  
Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

*Buddleia* <sup>USPPAF CanPBR4F</sup>  
'Miss Violet'  4-5' Zones 5-9   

Just like her sisters, 'Miss Molly' and 'Miss Ruby,' 'Miss Violet' is a compact selection that bears loads of vibrant violet purple flowers in summer. Non-invasive. Award winner.  
Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

**PUGSTER® Series**  2' Zones 5-9   

In a whole new look for buddleia, we've combined plants with a dwarf habit and full-sized flower panicles for a bold color effect in a smaller package. Pugster varieties bloom from early summer to frost on thick, sturdy stems that have good cold hardiness. Easy in production; looks great in containers.  
Uses: Containers, landscapes, beds, borders *Growth Rate:* Fast

*Buddleia* <sup>SMNBDBT USPPAF CanPBR4F</sup>  
PUGSTER BLUE®  2' Zones 5-9   

Large, fragrant, dark violet blue flower panicles cover this low mounded shrub. New this year.

*Buddleia* <sup>SMNBDDO USPPAF CanPBR4F</sup>  
PUGSTER PERIWINKLE®  2' Zones 5-9   

Plump, fragrant, periwinkle purple flower panicles are produced all summer. New this year.

*Buddleia* <sup>SMNBDFP USPPAF CanPBR4F</sup>  
PUGSTER PINK®  2' Zones 5-9   

Very dense, fragrant, taffy-pink flower panicles shine against the dark green foliage. New this year.

'Miss Molly', 'Miss Pearl', 'Miss Ruby', and 'Miss Violet' Buddleia – These non-invasive, interspecific varieties are permitted for sale in Oregon and Washington State.

PUGSTER WHITE® *Buddleia* <sup>SMNBDW USPPAF CanPBRAF</sup>

'Summer Skies' *Buddleia* <sup>USPP22465</sup>

SPRINTER® *Buxus microphylla* <sup>Bulthouse USPP25896 Can5282</sup>

WEDDING RING® *Buxus microphylla* <sup>Eselles USPP22228 Can4595</sup>  
var. *koreana*

NORTH STAR™ *Buxus sempervirens* <sup>Katerberg USPP15998 Can2635</sup>

PEARL GLAM® *Callicarpa x* <sup>NCCX USPPAF CanPBRAF</sup>

PURPLE PEARLS® *Callicarpa x* <sup>NCCX USPP26000</sup>

'Aphrodite' *Calycanthus* <sup>USPP24014</sup>

*Buddleia* <sup>SMNBDW USPPAF CanPBRAF</sup>

PUGSTER WHITE®

Big, thick, pure white flowers are supported by a small yet sturdy frame. New this year.

*Buddleia* <sup>USPP22465</sup>

'Summer Skies'

A high drama plant for the summer garden. Its soft violet-blue flowers contrast beautifully with the bright yellow and green variegated leaves. Variegation is very stable.

Uses: Containers, landscapes, beds, butterfly gardens *Growth Rate:* Fast

*Buxus microphylla* <sup>Bulthouse USPP25896 Can5282</sup>

SPRINTER®

This is an improved, fast-growing form of 'Winter Gem.' Its glossy evergreen foliage is attractive year-round, and it has excellent hardiness. This variety's more upright habit makes it great for hedging, and because Sprinter grows fast it will fill in more quickly than other varieties.

Uses: Hedges, borders, foundation plantings, containers *Growth Rate:* Medium

*Buxus microphylla* var. *koreana* <sup>Eselles USPP22228 Can4595</sup>

WEDDING RING®

Wedding Ring is a hardy, compact, variegated boxwood. Its rich, glossy green leaves are edged in a lime margin that matures to gold as summer progresses. It holds its color well throughout the year.

Uses: Containers, beds, foundation plantings, low hedges *Growth Rate:* Slow

*Buxus sempervirens* <sup>Katerberg USPP15998 Can2635</sup>

NORTH STAR™

This hardy, densely spherical selection requires little if any pruning to keep its shape. Its shiny, dark green foliage maintains good color, even in winter. University testing has put this variety at the top of the list for boxwood blight resistance.

Uses: Containers, beds, foundation plantings, low hedges *Growth Rate:* Slow

*Callicarpa x* <sup>NCCX USPPAF CanPBRAF</sup>

PEARL GLAM®

No longer just planted for its fall fruit, this beautyberry boasts attractive purple foliage all season long on a vigorous, upright plant. White flowers appear in late summer, alongside violet-purple berries that persist through the fall.

Uses: Mixed borders, cutting gardens, perennial beds *Growth Rate:* Fast

*Callicarpa x* <sup>NCCX USPP26000</sup>

PURPLE PEARLS®

This hybrid beautyberry has distinctive pink flowers. The foliage is tinged with purple, particularly in the fall when the very large purple-violet berries cover the plant. Purple Pearls beautyberry is vigorous and has a nice upright habit.

Uses: Mixed borders, cutting gardens, perennial beds *Growth Rate:* Fast

*Calycanthus* <sup>USPP24014</sup>

'Aphrodite'

This improved sweetshrub bears sizeable, magenta-red flowers that are larger and sweetly fragrant compared to 'Hartlage Wine.' They appear in summer and rebloom into early fall in both sun and part shade. The large, glossy green leaves turn gold in fall.

Uses: Mixed borders, beds *Growth Rate:* Medium

BEYOND MIDNIGHT® *Caryopteris x clandonensis* <sup>CT-9-12 USPP27426 Can5414</sup>

LIL' MISS SUNSHINE® *Caryopteris x clandonensis* <sup>Janice USPP22160</sup>

SUNSHINE BLUE® II *Caryopteris incana* <sup>SMNCVH USPPAF CanPBRAF</sup>

MARIE BLEU™ *Ceanothus x pallidus* <sup>Minmar</sup>

MARIE GOLD® *Ceanothus* <sup>Minmadore USPP25704</sup>

MARIE ROSE™ *Ceanothus* <sup>Minmarose</sup>

SUGAR SHACK® *Cephalanthus occidentalis* <sup>SMCOSS USPP26543 Can5124</sup>

DOUBLE TAKE ORANGE™ *Chaenomeles speciosa* <sup>Orange Storm USPP20950</sup>

*Caryopteris x clandonensis* <sup>CT-9-12 USPP27426 Can5414</sup>

BEYOND MIDNIGHT®

Extremely dark, glossy, dramatic foliage gives this caryopteris a distinguished look for formal borders. It forms a compact mound topped with rich blue flowers in late summer.

Uses: Containers, landscapes, perennial beds and borders *Growth Rate:* Fast

*Caryopteris x clandonensis* <sup>Janice USPP22160</sup>

LIL' MISS SUNSHINE®

This colorful shrub forms a neatly compact mound of brilliant gold, glossy foliage that keeps its color all season. Periwinkle blue flowers appear prolifically from late summer to frost, a great late season food source for pollinators. Award winner.

Uses: Containers, groundcover, landscapes, perennial beds and borders *Growth Rate:* Fast

*Caryopteris incana* <sup>SMNCVH USPPAF CanPBRAF</sup>

SUNSHINE BLUE® II

This improved selection has proven in our trials to be brighter, hardier and more adaptable. Its vivid yellow foliage holds up in the heat of summer, contrasting beautifully with the blue flowers in late summer and fall. Excellent plant for attracting pollinators.

Uses: Containers, perennial beds and borders, landscapes, butterfly gardens *Growth Rate:* Fast

*Ceanothus x pallidus* <sup>Minmar</sup>

MARIE BLEU™

Loads of misty blue flowers in late spring cover this compact plant. Red seed heads add another season of garden interest. This is an extremely drought tolerant plant.

Uses: Mixed borders, perennial beds *Growth Rate:* Fast

*Ceanothus x* <sup>Minmadore USPP25704</sup>

MARIE GOLD®

This extremely drought tolerant shrub has all the features and beauty

of Marie Rose™ but with the addition of bright golden foliage. Attractive rich pink blooms and showy red seed capsules complete the look. Requires good drainage.

Uses: Mixed borders, perennial beds *Growth Rate:* Fast

*Ceanothus x* <sup>Minmarose</sup>

MARIE ROSE™

This extremely drought tolerant shrub bears numerous rounded panicles of rich pink flowers on dark purple stems in midsummer and early fall, followed by attractive red seed capsules. Its glossy green foliage forms a compact, upright mound. Requires good drainage.

Uses: Mixed borders, perennial beds *Growth Rate:* Fast

*Cephalanthus occidentalis* <sup>SMCOSS USPP26543 Can5124</sup>

SUGAR SHACK®

Buttonbush has long been prized as a native, but it was way too big for most landscapes. Not anymore! We've cut the size in half and added colorful red fruit and glossy foliage. Add in distinctive, fragrant white flowers and you've got a delightful plant that shines from spring to fall.

Uses: Mixed borders, mass plantings, rain gardens *Growth Rate:* Medium

DOUBLE TAKE™ Series

One of the first shrubs you'll sell in spring, these early bloomers have very large, vividly colored, eye-catching flowers that are beautiful in fresh bouquets. Unlike old quince, they are thornless and do not produce fruit. These are extremely heat and drought tolerant, long-lived shrubs. From breeder Tom Ranney.

Uses: Hedging, mass plantings, and cutting gardens *Growth Rate:* Medium

*Chaenomeles speciosa* <sup>Orange Storm USPP20950</sup>

DOUBLE TAKE ORANGE™

Vivid orange flowers in spring with occasional repeat blooms.

**DOUBLE TAKE PEACH™**  
*Chaenomeles speciosa* 'NCCS4' USPPAF

**DOUBLE TAKE PINK™**  
*Chaenomeles speciosa* 'Pink Storm' USPP20920

**DOUBLE TAKE SCARLET™**  
*Chaenomeles speciosa* 'Scarlet Storm' USPP20951

**SOFT SERVE®**  
*Chamaecyparis pisifera* 'Dow Whiting' USPP20883

**BROTHER STEFAN®** *Clematis* 'Stefan Franczak' USPP27864 CanPBRAF

**'Diamond Ball'** *Clematis* USPP24045 Can5158

**HAPPY JACK® Purple** *Clematis* 'Zojapur' USPP20343

**JOLLY GOOD™** *Clematis* 'Zojogo'

*Chaenomeles speciosa* 'NCCS4' USPPAF  
**DOUBLE TAKE PEACH™**

Delicate coral to peach flowers appear over an extended period. New this year.

*Chaenomeles speciosa* 'Pink Storm' USPP20920  
**DOUBLE TAKE PINK™**

Deep pink flowers put on a stunning spring show.

*Chaenomeles speciosa* 'Scarlet Storm' USPP20951  
**DOUBLE TAKE SCARLET™**

Dramatic, velvety red in spring with occasional repeat blooms.

*Chamaecyparis pisifera* 'Dow Whiting' USPP20883  
**SOFT SERVE®**

This beautiful false cypress features graceful, soft, fern-like branching, forming a naturally conical shape. Its bright green leaves are flecked with silver-blue on their undersides. A more shade tolerant substitute for dwarf Alberta spruce.

Uses: Landscapes, borders, specimens *Growth Rate:* Medium

*Clematis* 'Stefan Franczak' USPP27864 CanPBRAF  
**BROTHER STEFAN®**

Named in honor of legendary clematis breeder Brother Stefan Franczak. Large, ruffled, blue flowers are borne profusely on both old and new wood from early summer to late summer. Smaller, refined habit; ideal accent for garden trellises and low fences. Award winner.

Uses: Specimen, containers, perennial gardens, mixed borders *Growth Rate:* Medium

*Clematis* USPP24045 Can5158  
**'Diamond Ball'**

The cool white-blue flowers are round or semi-spherical in shape, and reach 4-5" in diameter. This prolific bloomer flowers on both old and new wood, and blooms from June through August. Long blooming and easy to grow! Award winner.

Uses: Specimen plant *Growth Rate:* Medium

*Clematis* 'Zojapur' USPP20343  
**HAPPY JACK® Purple**

Super easy to grow, this early and long-flowering beauty blooms on old and new wood from midsummer into fall. Intense plum purple flowers with bright yellow stamens measure 3-5" across. Award winner.

Uses: Specimen, containers, perennial gardens, mixed borders *Growth Rate:* Medium

*Clematis* 'Zojogo'  
**JOLLY GOOD™**

This easy-to-grow 'Jackmanii' hybrid grows vigorously yet maintains its compact habit. Light purple flowers with magenta undertones are produced in abundance all summer on new wood.

Uses: Specimen, perennial gardens, mixed borders *Growth Rate:* Medium

**MADAME MARIA®** *Clematis* 'Maria Sklodowska Curie'

**PINK MINK®** *Clematis* 'Krakowiak' USPP24374 Can5159

**STILL WATERS™** *Clematis* 'Zostawa' USPP20372

**'Sweet Summer Love'** *Clematis* USPP24044 Can5303

**'Viva Polonia'** *Clematis* USPP27753 CanPBRAF

**SUGARTINA® 'Crystalina'**  
*Clethra alnifolia* 'Crystalina' USPP21561 Can4160

**VANILLA SPICE®** *Clethra alnifolia* 'Celeb' USPP21589 Can4167

**RED ROVER®**  
*Cornus obliqua* 'Powell Gardens' USPP27873

*Clematis* 'Maria Sklodowska Curie'  
**MADAME MARIA®**

Named for two-time Nobel prize winner Marie Curie, this exceptional selection deserves a place of honor in the garden. Large, double white flowers appear on old and new wood from early summer through midseason. Flowers take on green streaks in cool weather. Award winner.

Uses: Specimen, containers, perennial gardens, mixed borders *Growth Rate:* Medium

*Clematis* 'Krakowiak' USPP24374 Can5159  
**PINK MINK®**

Now everyone can grow clematis! Easy to grow and lots of flowers, that's the hallmark of Szczepan Marczyński's breeding. Pink Mink® hits the mark head on with an abundance of bright pink-on-pink blooms from early summer to early fall. Award winner.

Uses: Specimen plant *Growth Rate:* Medium

*Clematis* 'Zostawa' USPP20372  
**STILL WATERS™**

This elegant selection is easy to grow and blooms reliably every year on both old and new wood. Large, icy violet blue flowers with contrasting deep red stamens appear first in late spring, then rebloom throughout the summer months. Award winner.

Uses: Specimen, perennial gardens *Growth Rate:* Medium

*Clematis* USPP24044 Can5303  
**'Sweet Summer Love'**

This sturdy, floriferous clematis is a selection everyone can have great success in growing. Long, twining stems carry a shower of sweetly fragrant, cranberry purple flowers from midsummer into early fall. From award winning breeder Szczepan Marczyński of Poland. Award winner.

Uses: Specimen plant *Growth Rate:* Medium

*Clematis* USPP27753 CanPBRAF  
**'Viva Polonia'**

This easy-to-grow selection bears magenta red flowers graced with a white star in the center of each large flower. Flowering on both old and new wood, it begins to bloom in early summer and continues through midsummer. From award winning breeder Szczepan Marczyński of Poland.

Uses: Specimen, containers, perennial gardens, mixed borders *Growth Rate:* Medium

*Clethra alnifolia* 'Crystalina' USPP21561 Can4160  
**SUGARTINA® 'Crystalina'**

This improved dwarf clethra holds its tight dense shape well. Fragrant pure white flowers appear in midsummer, and the dark glossy foliage turns yellow in the fall.

Uses: Beds, landscapes, borders, butterfly gardens *Growth Rate:* Medium

*Clethra alnifolia* 'Celeb' USPP21589 Can4167  
**VANILLA SPICE®**

This North American native is a real standout with attractive, glossy, dark green leaves and highly fragrant, pure white flowers that are about twice the size of a typical clethra, blooming in midsummer. Award winner.

Uses: Beds, landscapes, borders, butterfly gardens *Growth Rate:* Medium

*Cornus obliqua* 'Powell Gardens' USPP27873  
**RED ROVER®**

A compact and colorful selection of our valuable native silky dogwood. Clean green foliage accents white flowers in late spring and blue fruit in fall. Exceptional fall color and red stems in winter add to its year-round appeal. Outstanding shrub for moist to damp sites.

Uses: Naturalizing, mass plantings, landscapes *Growth Rate:* Medium

*Deutzia* <sup>NCCD1</sup> USPP25016 Can5078

*Cornus sanguinea* <sup>Cato</sup> USPP19892

**ARCTIC SUN®** 3-4' Zones 4-7

A brightly colored compact dogwood with rich yellow stems tipped in blood red. Arctic Sun dogwood is brighter than other compact varieties and adds a bold splash of color in the winter landscape. This hardy, adaptable plant will tolerate damp soils. Good for cut stems. Award winner.

Uses: Beds, landscapes, winter gardens, rain gardens *Growth Rate:* Medium

*Cornus stolonifera* <sup>Farrow</sup> USPP18523

**ARCTIC FIRE®** 3-5' Zones 2-7

Compact and heavily branched, Arctic Fire dogwood produces clouds of white flowers in May. In winter, the bare red stems bring brilliant color to the landscape. Good for cut stems. Award winner.

Uses: Beds, landscapes, winter gardens, rain gardens *Growth Rate:* Medium

*Cornus stolonifera* <sup>Neil Z</sup> USPP24812 Can4767

**PUCKER UP!®** 3-4' Zones 3-8

This distinctive red twig dogwood features glossy, puckered foliage. The thick leaves are highly resistant to leaf spot. Compact growth and bright red winter stems add to this native shrub's year-round appeal.

Uses: Beds, landscapes, winter gardens, rain gardens *Growth Rate:* Medium

*Cotinus cogggyria* <sup>NCCD1</sup> USPPAF CanPBR/AF

**WINECRAFT BLACK®** 4-6' Zones 4-8

This semi-dwarf smokebush forms a naturally neat mound without the need for pruning, its rich purple foliage turning near-black as the summer progresses. Large, soft panicles of red smoke-like blooms appear in early to midsummer. Cool fall weather draws out an array of red and orange tones in the foliage. New this year.

Uses: Specimen, landscape, foundation plantings, border *Growth Rate:* Medium

*Cotoneaster procumbens* <sup>Gerald</sup> USPP22760

**LITTLE DIPPER®** 6-8" Zones 5-8

An easy solution for covering large areas quickly, inexpensively and beautifully. This low growing, 4-5' wide spreading selection is very dense and well-branched, making it less prone to catching leaves than other cotoneasters. Tiny white flowers attract bees in spring, followed by cheery red fruits through summer.

Uses: Groundcover, edging, walls and ledges *Growth Rate:* Medium

*Cytisus scoparius* <sup>SMSCGF</sup> USPP26616

**SISTER GOLDEN HAIR®** 12-18" Zones 5-8

Larger, showier, bright gold flowers cascading down its branches in mid-spring create tremendous impulse appeal at retail. Can be trimmed to shape after flowering. An excellent accent plant for sunny, dry landscapes. Not recommended for the Northwest.

Uses: Container gardens, edging, mixed borders *Growth Rate:* Medium

*Deutzia* <sup>NCCD2</sup> USPPAF Can5079

**YUKI CHERRY BLOSSOM®** 1-2' Zones 5-8

A shower of elegant pink flowers creates a carpet of color every spring on this low, mounding shrub. It may look delicate, but it is a tough, adaptable plant that makes an excellent groundcover, especially on sunny slopes. Its deep green foliage turns rich burgundy in fall. A result of ten years of breeding work from Tom Ranney.

Uses: Mass plantings, groundcover, mixed borders *Growth Rate:* Medium

*Deutzia* <sup>NCCD1</sup> USPP25016 Can5078

**YUKI SNOWFLAKE®** 1-2' Zones 5-8

This extra-heavy blooming deutzia has elegant white spring flowers, which creates great container presentation at retail. Its neat, mounded habit and attractive fall color make it a great landscape plant, too.

Uses: Mass plantings, groundcover, mixed borders *Growth Rate:* Medium

*Deutzia gracilis* <sup>Duncan</sup> USPP16098 Can2640

**CHARDONNAY PEARLS®** 20-36" Zones 5-8

A dense, rounded shrub with arching branches, versatile, easy Chardonnay Pearls deutzia has chartreuse foliage and dainty white flowers. Award winner.

Uses: Containers, mixed plantings, landscapes, beds *Growth Rate:* Medium

*Deutzia gracilis* <sup>Mincram</sup> USPP25703 CanPBR/AF

**CRÈME FRAÎCHE®** 20-36" Zones 5-8

Similar to 'Nikko' deutzia, this variety features attractive green and white variegated foliage. Dainty white flowers appear in late spring. Occasionally reverts, but is a great garden plant.

Uses: Mass plantings, groundcover, mixed borders *Growth Rate:* Medium

**KODIAK® Series**

Diervilla is an adaptable, drought tolerant, native shrub that thrives in sunny and shady landscapes while its bright yellow flowers support pollinators in summer. Choose from three foliage colors in our collection.

Uses: Landscapes, naturalizing, mass plantings *Growth Rate:* Fast

*Diervilla rivularis* <sup>SMNDRSF</sup> USPP27550 CanPBR/AF

**KODIAK® Black** 3-4' Zones 5-7

Grown for its dark burgundy-black foliage, which is especially intense in spring and fall. Provides excellent color contrast to green-leaf shrubs and perennials.

*Diervilla* <sup>GZXB8544</sup> USPP27548 CanPBR/AF

**KODIAK® Orange** 3-4' Zones 4-7

An eco-friendly alternative to burning bush, this native shrub lights up the fall landscape with its glowing orange foliage.

*Diervilla* <sup>GZXB85411</sup> USPPAF CanPBR/AF

**KODIAK® Red** 3-4' Zones 4-7

This colorful selection emerges red in spring and retains a bit of red in the leaves all summer until it really lights up into vivid red fall fireworks.

*Euonymus alatus* <sup>Select</sup>

**FIRE BALL®** 5-7' Zones 4-8

Here's a hot burning bush with excellent branching and superior winter hardiness. Emerald green foliage turns molten red in fall.

Uses: Landscapes, beds, hedges, foundation plantings *Growth Rate:* Slow

*Euonymus alatus* <sup>Hayman</sup> USPP21634 Can4389

**UNFORGETTABLE FIRE®** 4-6' Zones 4-8

This compact burning bush has a dense, finely branched habit and smaller leaves with outstanding red fall color. It has a terrific container presentation at retail.

Uses: Landscapes, beds, hedges, foundation plantings *Growth Rate:* Slow

*Euonymus fortunei* <sup>Interbolwi</sup> USPP10424

**BLONDY®** 12-18" Zones 5-8

This neatly mounded, low growing, hardy euonymus is a colorful evergreen that looks great all year. A sport of 'Sunspot', it bears brighter butter yellow leaves with narrow, dark green margins that resist burning in full sun.

Uses: Containers, groundcover, mixed plantings *Growth Rate:* Slow to moderate

**GOLD SPLASH®** ☉☉ 18-24" Zones 5-8

This beautiful, eye-catching shrub features large, round, gold-margined leaves and a tidy, attractive habit. Expect superior disease resistance, good cold hardiness and excellent garden performance.

Uses: Containers, groundcover, mixed plantings Growth Rate: Slow to moderate

*Euonymus fortunei* <sup>WALDBOLWI USPP18380</sup>

**GOLDY™** ☉☉ 18-24" Zones 5-8

From the breeder of Blondy® comes this all-gold selection. Goldy provides brilliant gold, evergreen color in the landscape all year round. Award winner.

Uses: Mass plantings, groundcover, foundation plantings Growth Rate: Slow

*Euonymus fortunei* <sup>Alban USPP23961 Can4596</sup>

**WHITE ALBUM®** ☉☉ 18-24" Zones 5-9

This improved form of 'Emerald Gaiety' has superior leaf spot resistance and a consistent growing habit. Landscapers and gardeners will appreciate the bright leaves that set it apart from older varieties. The stable variegation has a large, cream-colored border around the perimeter of the large evergreen leaves.

Uses: Containers, groundcover, mixed plantings Growth Rate: Slow to moderate

**SNOW DAY® Series**

If you think of pearl-bush as an old-fashioned plant for last century's gardens, think again. Snow Day® varieties have larger flowers, and more of them, than old varieties. They are a spring snowstorm of pure white flowers, and just what your garden needs to welcome spring.

Uses: Mixed borders, landscapes, beds, specimens Growth Rate: Medium

*Exochorda x* <sup>USPP23329 Can4690</sup>

**SNOW DAY® 'Blizzard'** ☉☉ 5-6' Zones 4-9

This beauty creates a blizzard of blooms just in time for spring impulse sales. Its extra-large flowers are about twice the size of 'The Bride'.

It can be pruned to keep it small or trained into a small tree.

*Exochorda* <sup>Niagara USPP21665 Can4768</sup>

**SNOW DAY® Surprise** ☉☉ 3-4' Zones 4-9

Compared to 'The Bride', this shorter selection is more compact and broadly upright, but with large flowers. It is also much easier in production. From breeder Herman Geers who also brought us Wine & Roses® weigela.

**SHOW OFF® Series**

Show Off forsythias earn their name with an outrageous display of classic yellow spring flowers. Unlike older varieties, Show Off forsythias flower from base to tip for a lush, showy flower display each spring.

Uses: Containers, mixed plantings, landscapes, beds Growth Rate: Medium

*Forsythia x intermedia* <sup>Mindor USPP19321</sup>

**SHOW OFF®** ☉☉ 5-6' Zones 5-8

This showy early spring bloomer bears large, golden flowers in prolific abundance and has a more refined, fuller habit than older forsythias. It has great container presentation. Award winner.

*Forsythia x* <sup>Minfor6 USPP24361</sup>

**SHOW OFF® Starlet** ☉☉ 2-3' Zones 5-8

This mid-sized forsythia delivers the same fabulous flower display as Show Off® but in a smaller package. It is a mass of bright yellow from base to tip, a fantastic impulse item for early spring sales.

*Forsythia* <sup>NIMBUS USPP23838 Can4608</sup>

**SHOW OFF® Sugar Baby** ☉☉ 18-30" Zones 4-8

The most petite of the series, this miniature forsythia delivers more flowers per inch than any other, creating an outstanding spring display. It looks fantastic in containers and fits easily into smaller gardens.

*Genista lydia* <sup>Select</sup>

**BANGLE®** ☉☉ 2' Zones 4-9

With waves of electric yellow flowers in the late spring, this low-mounding beauty is great in mass plantings and makes a magnificent container plant. Bangle is a nearly leafless plant with bright green stems that provide interesting year-round texture and color. Award winner.

Uses: Containers, mixed plantings, landscapes, beds Growth Rate: Medium

**Rose of Sharon**

Easy, tough and vigorous, these colorful summer blooming shrubs have become essential components of landscapes across the U.S. Our diverse collection offers diversity in height, habit and color.

Uses: Containers, specimens, mixed beds Growth Rate: Medium

*Hibiscus* <sup>Rosina USPPAF CanPBRAF</sup>

**POLLYPETITE®** ☉☉ 3-4' Zones 5-9

A new habit for hibiscus, this dwarf selection naturally forms a ball-shaped shrub without the need for shaping. Large, pure lavender pink, ruffled flowers shine against the dark blue-green foliage in summer. This variety is nearly seedless. New this year.

*Hibiscus syriacus* <sup>Antong Two USPP19547 Can3399</sup>

**LIL' KIM®** ☉☉ 3-4' Zones 5-9

This refined, dwarf hibiscus stands about half the size of a typical rose of Sharon. Each stem is packed with buds that open to long-lasting, white flowers with a showy red eye.

*Hibiscus syriacus* <sup>SHIMRR38 USPP27195 CanPBRAF</sup>

**LIL' KIM® Red** ☉☉ 3-4' Zones 5-9

Deep rosy red flowers line the stems of this dwarf rose of Sharon for much of the summer. The attractive dark green foliage maintains its naturally neat habit without pruning.

*Hibiscus syriacus* <sup>SHIMRV24 USPP26374 CanPBRAF</sup>

**LIL' KIM® Violet** ☉☉ 3-4' Zones 5-9

Large 3", plum-violet flowers with a red eye are striking against the dark, glossy foliage of this dwarf variety. Like others in the series, it stands about half the height of a typical rose of Sharon.

*Hibiscus syriacus* <sup>America Irene Scott USPP20579 Can3582</sup>

**SUGAR TIP®** ☉☉ 5-6' Zones 5-9

This eye-catching, variegated selection is grown as much for its beautiful creamy white and blue-green variegated foliage as it is for its soft pink, double flowers. It does not produce seed, so it won't become invasive. Award winner.

*Hibiscus syriacus* <sup>Gandini Santiago USPP25568 CanPBRAF</sup>

**PURPLE PILLAR®** ☉☉ 10-16' x 2-3' W Zones 5-9

Totally unique, first-ever columnar hibiscus. Excellent for narrow hedges, screens, entryways and large containers. Semi-double, purple flowers with bright red centers appear all the way up the branches all summer. Space-saving selection; takes up less room in the greenhouse and on the retail bench. Award winner.

**CHIFFON® Series**

Chiffon rose of Sharon are full-sized varieties with abundant, large flowers that set little seed. These strong growers are excellent in production and have a superior container presentation.

*Hibiscus syriacus* <sup>Notwoodthree USPP20574 Can3583</sup>

**Blue CHIFFON®** ☉☉ 8-12' Zones 5-9

Highly sought-after, powder-puff blue flowers appear prolifically in summer. Award winner.

Lavender CHIFFON®

Large, lavender, single flowers adorned with a lacy center appear prolifically in summer. Award winner.

*Hibiscus syriacus* <sup>JWNW0004</sup> USPP24336 Can4656

Pink CHIFFON®

A staff favorite, this selection produces an abundance of large, clear soft pink flowers adorned with a lacy center. Award winner.

*Hibiscus syriacus* <sup>Notwodone</sup> USPP12612

White CHIFFON®

Identical to Lavender Chiffon, but with brilliant white flowers. Award winner.

SATIN® Series

These full-sized rose of Sharon shrubs represent the best in class for non-invasiveness. We select each variety for its superior color, elegant habit, and low to no seed set.

*Hibiscus syriacus* <sup>DVPazurri</sup> USPP20563 Can4391

Azurri Blue SATIN®

The first-ever seedless hibiscus with single blue flowers, this beauty was developed in Belgium after years of breeding. Its large single flowers, which bloom midsummer through fall, are an intense, rich blue adorned with an attractive ruffled margin. Award winner.

*Hibiscus syriacus* <sup>ILV0347</sup> USPP27285 CanPBR4F

Orchid SATIN®

Exceptionally large, seedless, orchid pink, single blossoms are accented by a dramatic red eye. Presents well in containers and has great impulse appeal at retail.

*Hibiscus syriacus* <sup>ILVOPS</sup> USPPAF CanPBR4F

Purple SATIN®

Large, rich purple, single flowers with a deep red eye cover this elegant, seedless selection all summer.

*Hibiscus syriacus* <sup>SHIMCR1</sup> USPP26222

Ruffled SATIN®

Bearing large, ruffled flowers like a tropical hibiscus, this hardy rose of Sharon forms a full, bushy clump of glossy, green leaves with short internodes. Rich pink flowers with a deep burgundy eye are produced prolifically and produce little seed.

Smooth Hydrangea

Super hardy and easy to grow across North America, native smooth hydrangeas reliably produce flowers on new wood every year. Traditionally, this species bears white flowers, though remarkable pink and green selections are now available. Their flower color is not affected by soil pH.  
*Uses:* Mixed beds, landscapes, hedges, cut flowers *Growth Rate:* Medium

*Hydrangea arborescens* <sup>Abetwo</sup> USPP20571 Can4166

INCREDIBALL®

Magnificent and massive is the best way to describe the blooms on this strong-growing hydrangea. The huge flower heads measure up to 12" in diameter, emerging lime green, changing to white, and then to green. And because the blooms are backed up by strong, sturdy stems, there is no drooping, even after a heavy rain. Award winner.

*Hydrangea arborescens* <sup>NCHA4</sup> USPPAF CanPBR4F

INCREDIBALL® Blush

Blush pink florets form huge flower heads on sturdy stems that hold up even after heavy rains. It blooms reliably every year on new wood, is low maintenance and easy to grow. Award winner.

*Hydrangea arborescens* <sup>NCHA8</sup> USPPAF CanPBR4F

INVINCIBELLE LIMETTA®

Quick to produce and outstanding in its container presentation, this dwarf reblooming hydrangea has strong, upright stems that remain standing through summer rains. In early summer, lime green flowers open and lighten to soft greenish white before turning jade green. New this year.

*Hydrangea arborescens* <sup>NCHA7</sup> USPPAF CanPBR4F

INVINCIBELLE MINI MAUVETTE™

A whole new look for smooth hydrangeas, this dwarf selection produces an amazing show of mauve-purple flowers in early summer and continues to rebloom through frost. Strong stems and a rounded habit result in beautiful container presentation. New this year.

*Hydrangea arborescens* <sup>NCHA3</sup> USPPAF CanPBR4F

INVINCIBELLE® Ruby

This award winning smooth hydrangea forms burgundy red flower buds which open to stunning two-toned ruby red and silvery pink flowers. It blooms reliably every year and is a strong rebloomer; can be cycle-pruned to deliver multiple shipments of budded plants to garden centers.

*Hydrangea arborescens* <sup>NCHA2</sup> USPPAF CanPBR4F

INVINCIBELLE® Spirit II

The second generation of Invincibelle Spirit boasts notable improvements like darker foliage, stiffer stems, and larger, richer pink flowers which age to an attractive green. It is a strong rebloomer, delivering loads of blooms in summer and fall across North America.

\$1 from each Invincibelle® Spirit II sold is donated to The Breast Cancer Research Foundation®. We encourage you to donate as well. BCRF is dedicated to advancing the world's most promising research to eradicate breast cancer in our lifetime. For more information about BCRF, visit [www.bcrf.org](http://www.bcrf.org). Visit [www.invincibellespirit.net](http://www.invincibellespirit.net) for more information.

*Hydrangea arborescens* <sup>NCHA5</sup> USPPAF CanPBR4F

INVINCIBELLE WEE WHITE®

The smallest smooth hydrangea yet! This miniature selection forms an extremely compact, rounded mound topped with abundant, pure white flowers on strong stems from early summer to frost. New flowers are continually produced as the mature flowers take on soft pink and green tones as they age. New this year.

*Hydrangea arborescens* <sup>SMNH4LR</sup> USPPAF CanPBR4F

LIME RICKEY®

Cool lime green florets pack the mophead blooms held on incredibly strong stems that won't flop, even in heavy rain. An excellent variety for use as a fresh or dried cut flower. Makes a beautifully compact container plant. New this year.

### ABRACADABRA® Series

☉☉ 3-4' Zones 5-9

Showy black satin stems and large, showy flowers create magic in the garden with this fun series of hydrangeas.

Uses: Containers, landscapes, foundation plantings Growth Rate: Fast

*Hydrangea macrophylla* <sup>HorOrb</sup> USPP21635

#### ABRACADABRA® Orb

Mophead flowers emerge green and peach and then mature to hot pink. Flower color can be pushed to blue with the addition of aluminum sulfate.

*Hydrangea macrophylla* <sup>HorAbstra</sup> USPP21636

#### ABRACADABRA® Star

Lacecap blooms emerge pink and white and turn hot pink as they age. Flower color can be pushed to blue with the addition of aluminum sulfate.

### CITYLINE® Series

☉☉ 1-3' Zones 5-9

Developed in Germany where plant growth regulators are prohibited, Cityline hydrangea have a naturally tight, compact habit, vivid color and excellent mildew resistance.

Uses: Containers, landscapes, foundation plantings Growth Rate: Fast

*Hydrangea macrophylla* <sup>Berlin Rabe</sup> USPP10912

#### CITYLINE® Berlin

Large, rosy pink blooms are long lasting and change to an attractive green with age. Dark green, glossy mildew-resistant foliage makes a stunning contrast to colorful blooms. Perfect for smaller gardens.

*Hydrangea macrophylla* <sup>Ramar</sup>

#### CITYLINE® Mars

The unusual bicolor blooms and high quality foliage of this remarkable selection make it out of this world beautiful.

*Hydrangea macrophylla* <sup>Paris Rapa</sup> USPP10906

#### CITYLINE® Paris

With mounds of brilliant red blooms, Cityline Paris is worthy of the name. Its compact habit makes this show stopper an excellent choice for containers and smaller landscapes. Good mildew resistance.

*Hydrangea macrophylla* <sup>Ragra</sup>

#### CITYLINE® Rio

Exquisite strong blue to purple flowers are long lasting and appear early in the hydrangea season.

*Hydrangea macrophylla* <sup>Venice Raven</sup> USPP10928

#### CITYLINE® Venice

Venice has an exceptionally tight, compact growth habit and large, bright pink or blue flowers depending on the pH of the soil.

*Hydrangea macrophylla* <sup>Vienna Rawi</sup> USPP10930

#### CITYLINE® Vienna

The smallest of the series, this compact selection rarely requires pruning. Deep pink to blue flowers emerge with a cream colored throat and remain attractive as they age.

#### EDGY® Hearts

☉☉ 2-4' Zones 5-9

Large, dark pinkish red florets accentuated by narrow, white margins make this small to medium-sized selection with strong stems and glossy foliage very unique.

Uses: Containers, landscapes, foundation plantings Growth Rate: Fast

### LET'S DANCE® Series

☉☉ 2-3' Zones 5-9

The Let's Dance hydrangea series, developed in Michigan and tested for cold-weather performance, represents the next generation of reblooming hydrangeas. They flower reliably on both old and new wood every year, producing vividly colored flowers above the attractive, glossy foliage.

Uses: Containers, landscapes, foundation plantings Growth Rate: Fast

*Hydrangea macrophylla* <sup>Bermer</sup> USPP22329 Can4526

#### LET'S DANCE® BIG EASY®

Bearing some of the largest flowers you'll see on a reblooming hydrangea, this is a plant with attitude. The flowers tend to change from pink and green to solid pink, then to solid green. In more acidic soils, they may turn soft purple.

*Hydrangea macrophylla* <sup>SMHMTAU</sup> USPP27035 Can5283

#### LET'S DANCE® BLUE JANGLES®

A smaller, more compact habit and strong reblooming ability sets this hydrangea apart. Rich pink or blue, mophead flowers held on sturdy stems are a real standout in the garden. Shifts easily to blue in the right soil conditions.

*Hydrangea macrophylla* <sup>SMHMTAU</sup> USPP27035 Can5283

#### LET'S DANCE® Diva!

Supersized blossoms the size of your palm are the signature of this glamorous reblooming hydrangea. A bit taller than others in the Let's

Dance series, the baby pink to blue lacecap flowers are borne on strong, 3-4' tall plants.

*Hydrangea macrophylla* <sup>SMNHMSIGMA</sup> USPP26929 CanPBRBF

#### LET'S DANCE® RAVE™

This reliable rebloomer is covered in eye-catching, rich violet purple flowers that are most vivid in acidic soils and saturated pink in more alkaline soils. It naturally maintains its compact size without the need for pruning.

*Hydrangea macrophylla* <sup>SMHMS14</sup> USPP25836 Can5126

#### LET'S DANCE® RHYTHMIC BLUE™

One of our strongest rebloomers, the flowers of this selection are incredibly vibrant amethyst blue, shifting easily to pink in more alkaline soils. The star-shaped sepals are tightly packed into full, mophead flowers held on strong stems.

*Hydrangea macrophylla* <sup>Lynn</sup> USPP20019 Can4069

#### LET'S DANCE® Starlight

Starlight features vivid pink blooms (or blue, depending on pH). This is the first lacecap to bloom on new wood. Beautiful in mass plantings or decorative containers. ☉☉ 30-36" Zones 5-9

*Hydrangea macrophylla* <sup>SMHMPI</sup> USPP25900 Can5134

#### PARAPLU®

Named for its umbrella-shaped blooms, this selection produces showy double florets that range from candy pink to intense hot pink, taking on purple tones in more acidic soils. It holds up well in the heat and has withstood Midwestern winters well. A compact habit and glossy foliage adds to its appeal.

Uses: Containers, landscapes, foundation plantings Growth Rate: Fast

## Panicle Hydrangea

With so many options in panicle hydrangeas, how do you choose? Proven Winners selects varieties for strong, sturdy stems that can hold any flower size in any climate. We also select for pure, intense flower colors in summer and fall. Dwarf cultivars are excellent in containers, larger ones are perfect for landscapes. However you use them, count on reliable blooms year after year.

*Uses:* Landscapes, specimen, foundation plantings, hedges, cut flowers  
*Growth Rate:* Medium ('Limelight', Fire Light® – Fast)

*Hydrangea paniculata*<sup>TLV080</sup> USPP22782 Can4910

BOBO® ~3-4' Zones 3-8

Quickly becoming a must-have classic, this smaller panicle hydrangea fits easily into most gardens and makes an outstanding container specimen. It becomes completely engulfed in large, white flowers held on strong stems in summer, turning pink in fall. Award winner.

*Hydrangea paniculata*<sup>SMHPLQF</sup> USPP25135 Can5160

FIRE LIGHT® ~4.5-6' Zones 3-9

The new standard in panicle hydrangeas, Fire Light is easy to grow and presents very well in containers. Dense, upright panicles of pure white flowers held on thick stems transition to rich pomegranate-red in fall, standing out easily from a distance.

*Hydrangea paniculata*<sup>USPP12874 Can2319</sup>

'Limelight' ~6-8' Zones 3-9

People ask for this #1 top rated, multiple award winning hydrangea by name. Sizable panicles of creamy white flowers turn lime green as they mature, taking on deep pink tones in fall. Like all of our panicle hydrangeas, it blooms reliably on new wood every year.

*Hydrangea paniculata*<sup>USPP15395</sup>

'Little Lamb' ~4-6' Zones 3-9

This classic panicle hydrangea bears full panicles of diminutive, white florets that may take on pink tones in fall. An easy choice for residential landscapes.

*Hydrangea paniculata*<sup>'Jane'</sup> USPP22330 Can3914

LITTLE LIME® ~3-5' Zones 3-9

Often used in places where 'Limelight' is too large, this smaller panicle hydrangea displays the same great flowers and coloration but at one third the size. It works well in containers and landscapes. Award winner.

*Hydrangea paniculata*<sup>SMHPLQF</sup> USPP25136 Can5406

Little QUICK FIRE® ~3-5' Zones 3-9

Little Quick Fire hydrangea is the dwarf form of early blooming, easy-to-sell Quick Fire. Its white flowers turn deep pink in summer and stay attractive into fall.

*Hydrangea paniculata*<sup>DVPPINKY</sup> USPP16166 Can2889

PINKY WINKY® ~6-8' Zones 3-9

This popular hydrangea produces exceptionally large, two-toned blooms that emerge white and turn deep pink as summer progresses. They are held on strong, upright stems above the dark green foliage. Outstanding as a specimen or planted as a flowering hedge. Award winner.

*Hydrangea paniculata*<sup>'Bulk'</sup> USPP16812 Can3398

QUICK FIRE® ~6-8' Zones 3-9

The earliest flowering panicle hydrangea yet, starting in early summer each year. The flowers open white and quickly turn pink, darkening as they age. This hydrangea blooms every year like clockwork.

*Hydrangea paniculata*<sup>SMNHPRZEP</sup> USPP26956 CanPBR4F

ZINFIN DOLL® ~6-8' Zones 3-9

This exemplary hydrangea produces loads of very showy, dense flower panicles which emerge pure white, then turn rich red-pink from the bottom up. Strong stems and a unique flower color set this variety apart.

## GATSBY® Series

A classic North American native, *H. quercifolia* or oakleaf hydrangea, has long been a sought-after plant by savvy gardeners. We're updating the species with these four selections, all of which offer something unique.

*Uses:* Mixed borders, woodland gardens *Growth Rate:* Medium

*Hydrangea quercifolia*<sup>Brenhill</sup> USPP25106 Can5304

GATSBY GAL® ~5-6' Zones 5-9

This slightly smaller selection produces full-sized panicles packed with large, pure white florets held upright above the foliage. Its showy blooms help it stand out easily on the retail bench and in the garden.

*Hydrangea quercifolia*<sup>Brother Edward</sup> USPP25413 Can5348

GATSBY MOON® ~6-8' Zones 5-9

Distinguished by its very densely packed, double flowers, this selection has stronger stems than 'Harmony'. The pure white florets form full, conical panicles with a unique "quilted" effect and turn pale green as they age.

*Hydrangea quercifolia*<sup>JoAnn</sup> USPP4F CanPBR4F

GATSBY PINK® ~6-8' Zones 5-9

This remarkable cultivar boasts huge, showy panicles of white flowers that quickly transition to rich pink in summer. Its dark green foliage turns mahogany-red in the fall.

*Hydrangea quercifolia*<sup>Doughill</sup> USPP25412 Can5305

GATSBY STAR® ~6-8' Zones 5-9

Beautiful lacy panicles comprised of double florets with pointed petals make this oakleaf hydrangea easy to distinguish as it blooms throughout the summer months.

## Mountain Hydrangea

Especially good for areas prone to late frosts, mountain hydrangeas are known for their greater bud and stem hardiness as well as their reblooming capabilities. They bloom reliably on both old and new wood from early summer to frost each year.

*Uses:* Containers, landscapes, foundation plantings *Growth Rate:* Fast

*Hydrangea serrata*<sup>MAK20</sup> USPP24482 Can5125

TINY TUFF STUFF™ ~18-24" Zones 5-9

Like a smaller version of Tuff Stuff™, this extremely bud-hardy, reliably reblooming hydrangea produces abundant lacecap flowers with double florets. While it tends to lean blue, the flower color may range from blue to pink depending on the soil chemistry.

*Hydrangea serrata*<sup>MAK20</sup> USPP24820 Can4527

TUFF STUFF™ ~2-3' Zones 5-9

2017 National Champion of Shrub Madness and the Gold Medal at Plantarium, this outstanding cultivar is one of the most reliable reblooming hydrangeas you can grow. Its pink lacecap flowers with semi-double to double florets create a mass of color in early summer and new flowers are produced until frost. Soil chemistry will affect flower color.

*Hydrangea serrata*<sup>SMNMAKTSR</sup> USPP4F CanPBR4F

TUFF STUFF™ Red ~2-3' Zones 5-9

This selection delivers the same extreme bud hardiness and rebloom of the original, but with dark red-pink flowers. They open two-toned green and red, then mature to red on strong stems that hold up well in containers and landscapes.

**GOLDEN RULE®** 🌞 🌱 12-18" Zones 6-8 🚫🦌

An excellent groundcovering subshrub for shade, Golden Rule hypericum has colorful orange new growth and attractive yellow foliage. Yellow summer flowers up to 2" across add to its appeal. Although it is not as aggressive as the green-leaved varieties, it will benefit from a trimming one or two times per year. Bred specifically to eliminate reversion.

*Uses:* Mass plantings, groundcover, erosion control *Growth Rate:* Medium

*Hypericum x* <sup>Drepper USPP20045 Can3587</sup>

**SUNNY BOULEVARD™** 🌞 🌱 2-3' Zones 4-8 🚫🦌

This tightly branched selection is noted for its long bloom time. Petite but plentiful, sunburst yellow flowers dot the willow-like foliage from midsummer to early fall. This native subshrub blends gracefully into the perennial border.

*Uses:* Beds and borders *Growth Rate:* Medium to Fast

*Hypericum kalmianum* <sup>SMHKBF USPP25795 Can5306</sup>

**BLUES FESTIVAL®** 🌞 🌱 2-3' Zones 4-8 🚫🦌

Attractive blue leaves contrast with the bright yellow flowers in July and August, creating an appealing combination. The tightly branched, compact growth habit makes this a good native plant for landscaping.

*Uses:* Mixed borders, foundation plantings *Growth Rate:* Medium

*Ilex crenata* <sup>ANNYS1 USPP26997</sup>

**BRASS BUCKLE®** 🌞 🌱 12-18" Zones 6-8

Perfect for edging walkways, patios or borders, this small-statured Japanese holly shines all year long. Its glossy, clear yellow, evergreen foliage is burn-resistant so it can be grown in sun or part shade. In milder climates, it makes an attractive container specimen.

*Uses:* Specimen, edging, entrance gardens, containers *Growth Rate:* Medium

*Ilex crenata* <sup>FARROWSK6 USPP25852</sup>

**PATTI O®** 🌞 🌱 3-4' Zones 6-8

Smaller than its sister Sky Pointer®, this conical evergreen has darker, glossier foliage and smaller leaves. It is perfectly scaled for smaller gardens and patios, and for flanking formal entryways.

*Uses:* Mixed borders, foundation plantings, containers *Growth Rate:* Medium

*Ilex crenata* <sup>Farrowone USPP20049</sup>

**SKY POINTER®** 🌞 🌱 4-5' Zones 6-8

This narrow, conical seedling of 'Sky Pencil' holly was selected for its superior production performance. Its shiny, dark green, evergreen foliage exhibits tight, upright branching.

*Uses:* Containers, entrance gardens, specimen *Growth Rate:* Medium

*Ilex glabra* <sup>SMNIGAB17 USPP27554 CanPBRAF</sup>

**GEM BOX®** 🌞 🌱 2-3' Zones 5-9 🚫🦌

The perfect native alternative to boxwood. This low maintenance evergreen forms a dense, rounded mound of small, dark green leaves that flush red at the tips in spring. Unlike some hollies, it maintains good branching right to the ground and rarely requires pruning.

*Uses:* Foundation plantings, hedges, edging, entrance gardens *Growth Rate:* Medium

### Blue Holly

Much better suited to cold North American climates than English holly, our improved selections make excellent foundation plantings. Notably more compact and well-branched, their blue-green, glossy foliage is dotted with cherry red berries in winter. Plant one male within 50' of every 5-7 females to ensure fruit production.

*Uses:* Specimens, foundation plantings, hedges *Growth Rate:* Slow

*Ilex x meserveae* <sup>David Carroll USPP26926 CanPBRAF</sup>

**CASTLE GOLD™** 🌞 🌱 5-6' Zones 5-7

Foliage flushes a bright, attractive lime-gold. This hardy plant has bright red fruit. Female.

*Ilex x meserveae* <sup>Hachfee USPP14310</sup>

**CASTLE SPIRE®** 🌞 🌱 8-10' Zones 5-7

Dark glossy leaves contrast with the bright red fruit. Female. Pyramidal form.

*Ilex x meserveae* <sup>Heckenstar USPP14308</sup>

**CASTLE WALL®** 🌞 🌱 5-8' Zones 5-7

The lustrous green foliage is outstanding for hedges. Male pollinator. Broad, columnar form. Award winner.

### Winterberry

Native, deciduous winterberry holly is beautiful all year, but is often grown for its spectacular display of bright red, pea-sized, fall fruits which persists long after the leaves have fallen. Plant one male within 50' of every 5-7 females to ensure fruit production.

*Uses:* Borders, hedges, wildlife-friendly gardens, cut stem impulse sales *Growth Rate:* Slow

*Ilex verticillata* <sup>Spray</sup>

**BERRY HEAVY®** 🌞 🌱 6-8' Zones 3-8 🚫🦌

Large, bright orange-red berries rival other winterberry selections for its sheer volume of fruit. Pollinator: Mr. Poppins®

*Ilex verticillata* <sup>Roberta Case</sup>

**BERRY HEAVY® Gold** 🌞 🌱 6-8' Zones 3-8 🚫🦌

Selected by the late, great plantsman Fred Case of Saginaw, MI for the biggest, brightest gold fruit of any winterberry holly. Pollinator: Mr. Poppins®

*Ilex verticillata* <sup>FARROWBPOP USPP25835 Can5286</sup>

**BERRY POPPINS®** 🌞 🌱 3-4' Zones 3-8 🚫🦌

This dwarf, heavy-fruiting selection is ideal for smaller gardens where winter color is desired. Pollinator: Mr. Poppins®

*Ilex verticillata* <sup>NCIV3 USPPAF CanPBRAF</sup>

**LITTLE GOBLIN® Guy** 🌞 🌱 3-4' Zones 3-8 🚫🦌

This compact, male selection is the ideal pollinator for Little Goblin® Orange and Little Goblin® Red hollies. All members of this series bloom at the same time, ensuring a showy crop of berries each winter.

*Ilex verticillata* <sup>NCIV2 USPPAF CanPBRAF</sup>

**LITTLE GOBLIN® Orange** 🌞 🌱 3-4' Zones 3-8 🚫🦌

This compact, early fruiting selection produces abundant, extra-large, bright orange berries that remain showy into winter. Pollinator: Little Goblin® Guy

*Ilex verticillata* <sup>NCIV1 USPP27109 CanPBRAF</sup>

**LITTLE GOBLIN® Red** 🌞 🌱 3-5' Zones 3-8 🚫🦌

This compact, tetraploid winterberry holly produces abundant, extra-large, rich red berries on a dwarf plant. Pollinator: Little Goblin® Guy

☉☉☉ 2-3' Zones 3-9 🚫

This compact male winterberry is the ideal pollinator for Berry Poppins® and the Berry Heavy® series.

*Itea virginica* <sup>Sprich</sup> USPP10988

LITTLE HENRY®

☉☉☉ 2-3' Zones 5-8 🦋🚫

Standing about half the height of 'Henry's Garnet', this compact selection features arching chains of fragrant, white flowers which attract pollinators in summer. Its wine-red fall color is some of the best of all native shrubs. Award winner.

Uses: Beds, mixed borders, wildlife gardens Growth Rate: Medium

*Juniperus horizontalis* <sup>Hagedus</sup> USPP22743 Can4643

GOOD VIBRATIONS® Gold

☉☉☉ 12-18" Zones 3-9

Unlike prickly junipers, this soft-foliage selection forms a relatively low, very wide-spreading groundcover. It provides dynamic seasonal color changes as it emerges chartreuse, transitions to bright yellow, then takes on orange hues in autumn. This native shrub is very drought tolerant and easy to grow.

Uses: Mass plantings, rock gardens, slope and bank plantings Growth Rate: Medium

*Kolkwitzia amabilis* <sup>Maradol</sup>

DREAM CATCHER™

☉☉☉ 6-9' Zones 4-8 🚫

This sizable, spectacular shrub is like no other beauty bush you've seen. It forms a massive mound of arching, golden yellow foliage that turns glowing shades of golden orange in fall. Soft pink flowers are borne on old wood in spring. For best performance, grow it in part shade.

Uses: Mixed beds, landscapes, specimen Growth Rate: Medium

INFINITINI® Series

☉☉☉ 2-4' Zones 6b-11 🚫

Bred to be quick and easy for container production, this exciting line of dwarf crapemyrtles creates new opportunities for sales in warm climates. Offer these beauties as all-summer flowering potted plants or color for mixed borders. They offer good winter hardiness, disease resistance, heat and drought tolerance and even tolerate clay soils.

Uses: Specimen plant, containers, mixed borders, entrance gardens Growth Rate: Fast

*Lagerstroemia indica* <sup>GZX133143</sup> USPP27452 CanPBR/AF

INFINITINI® Brite Pink

Bright pink, fluffy flowers line the arching stems of this dwarf crapemyrtle as it reblooms all summer long.

*Lagerstroemia indica* <sup>GZX133271</sup> USPP27474 CanPBR/AF

INFINITINI® Magenta

This heavily blooming cultivar produces showy clusters of dark pink-red flowers all summer atop the densely mounded foliage.

*Lagerstroemia indica* <sup>GZX133251</sup> USPP27633 CanPBR/AF

INFINITINI® Orchid

This compact selection produces loads of showy lavender purple flowers on low arching stems all summer.

*Lagerstroemia indica* <sup>GZX133181</sup> USPPAF CanPBR/AF

INFINITINI WATERMELON®

An abundance of bright watermelon pink flowers adorn this low mounded selection all summer. New this year.

*Ligustrum* <sup>NCLX1</sup> USPP27301 CanPBR/AF

GOLDEN TICKET®

☉☉☉ 4-6' Zones 5-9 🚫

Enjoy all the fragrance and color of gold privet without the guilt of growing an invasive plant. Dr. Thomas Ranney of NCSU solved the puzzle by making a wide interspecific cross that resulted in this compact, colorful, eco-friendly flowering shrub. This seedless privet will not litter landscapes with seedlings. It provides durable season-long color for landscapes, and has fragrant late spring flowers.

Uses: Landscapes, hedging, mass planting Growth Rate: Medium

*Lonicera periclymenum* <sup>USPP16240</sup>

'Scentsation'

☉☉☉ 10' Zones 4-9

This non-invasive honeysuckle vine produces an abundance of extremely fragrant, showy yellow flowers from mid-spring to late summer, followed by bright red berries. Requires a trellis, fence or other support to climb. Award winner.

Uses: Specimen plant, vertical gardening Growth Rate: Medium

JAZZ HANDS® Series

A favorite of Southern gardeners, Chinese fringe-flower is a versatile, fast-growing, low maintenance shrub for landscapes and containers. It thrives in heat and tolerates some drought, with the added bonus of Jazz Hands varieties maintaining their rich foliage colors even in hot weather. They have a graceful form, colorful spring blooms and maintain their foliage interest all season.

Uses: Groundcover, hedges, foundation plantings, mixed borders, container specimen Growth Rate: Fast, except Mini is Medium

*Loropetalum chinense* <sup>Kurenai Daiou</sup> USPP27748

JAZZ HANDS® Bold

☉☉☉ 5-6' Zones 7b-9

*Loropetalum chinense* <sup>Kurenai</sup> USPP27750

JAZZ HANDS® Dwarf Pink

☉☉☉ 1-3' Zones 7b-9

This dwarf selection adds a pop of color to containers and landscapes with its hot pink blooms and cool purple foliage with cranberry undertones.

*Loropetalum chinense* <sup>Hakuou</sup> USPP27751

JAZZ HANDS® Dwarf White

☉☉☉ 1-3' Zones 7b-9

The rich, dark green foliage of this dwarf selection provides a perfect backdrop for the large, pure white flowers which appear in spring with sporadic rebloom all summer.

*Loropetalum chinense* <sup>Beni Hime</sup> USPP27752

JAZZ HANDS® Mini

☉☉☉ 10-12" Zones 7b-9

This low growing, groundcover-like shrub forms a mass of deep purple-black foliage dotted with showy pink flowers in spring. Great for the front of the border and containers.

*Loropetalum chinense* <sup>Tricolor</sup> USPP27713

JAZZ HANDS® Variegated

☉☉☉ 4-6' Zones 7b-9

This first-ever variegated, multiple award winning selection forms a gorgeous, arching mound of dark purple foliage splashed with pink and white in spring. Hot pink flowers add to its appeal.

# Plants That Yield Edible Fruit

Edible plants have taken the market by storm as more consumers are looking to grow their own food in a healthy, organic manner. Since most fruit trees require a large garden and a spray regimen to guard against pests and diseases, they aren't a great option for most home gardeners. Our edible varieties require far less space and are easy for gardeners to grow organically.

SUMMER SHANDY™  
*Humulus* 'Summer' USPP24913

## Hops Vine

*Humulus* 'Summer' USPP24913

SUMMER SHANDY™ ☉☉ 5-10' Zones 5-8

This colorful hops vine is both edible and ornamental. Use its fruit for brewing beer, and enjoy its bright golden yellow foliage all season. Hops makes a great quick screen for decks and patios, and is a natural conversation piece for home gardens. This selection has a refined, less aggressive habit than typical hops.

Uses: Specimen plant, mixed borders Growth Rate: Fast

## Sweetberry Honeysuckle, Haskaps

Relatively new to North America, these superfruits taste like a cross between blueberries and raspberries. The small, dark blue fruits can be eaten fresh or made into sauces, jams, and smoothies. Each berry packs more vitamin C, potassium and fiber than citrus. Unlike blueberries, they are exceptionally hardy and not fussy about soil or pruning.

*Lonicera caerulea* 'Dolce Vita' USPP26617 CanPBRAF

SUGAR MOUNTAIN® Blue ☉☉ 5-6' Zones 3-6 🚫

The large, sweet berries of this award winning selection are perfect for eating fresh. It is apomictic, meaning it will fruit without pollination, but the berries will be larger if the plant is cross-pollinated with Sugar Mountain® Eisbär™. Developed in the Czech Republic.

Uses: Home gardens, fruit production, hedging Growth Rate: Medium

*Lonicera caerulea* '54-57'

SUGAR MOUNTAIN® EISBÄR™ ☉☉ 5-6' Zones 3-6 🚫

This heavy-fruited selection produces large, tangy-sweet fruits measuring up to 1.5" long and .5" wide that are great for drying and processing. Use it to pollinate Sugar Mountain® Blue for improved fruiting.

Uses: Home gardens, fruit production  
Growth Rate: Medium

*Lonicera caerulea* 'Kaido' USPPAF CanPBRAF

YEZBERRY HONEY BUNCH® ☉☉ 3-5' Zones 3-7 🚫

Developed in the U.S. by Dr. Maxine Thompson, this selection produces very sweet berries that are perfect for eating fresh, freezing and processing. Since it flowers later in spring, it is less susceptible to frost damage. It requires another Yezberry variety as a pollinator for fruiting. New this year.

Uses: Home gardens, fruit production Growth Rate: Medium

*Lonicera caerulea* 'Kuchi' USPPAF CanPBRAF

YEZBERRY® MAXIE™ ☉☉ 5-6' Zones 3-7 🚫

This pure Japanese haskap bears the largest fruit we've seen, producing extra-large fruits which resemble olives in size and shape. Since it flowers later in spring, it is less susceptible to frost damage. This variety requires another Yezberry selection planted within 50' for cross-pollination and fruit set.

Uses: Home gardens, fruit production Growth Rate: Medium

*Lonicera caerulea* 'Kapu' USPP26820 CanPBRAF

YEZBERRY® SOLO™ ☉☉ 5-6' Zones 3-7 🚫

This pure Japanese haskap bears very large, plump berries that are good for eating fresh or processing into sauces and jams. Since it flowers later in spring, it is less susceptible to frost damage. This variety is apomictic, meaning it will fruit without pollination, but the berries will be larger and the yield will be higher if the plant is cross-pollinated with another Yezberry variety.

Uses: Home gardens, fruit production Growth Rate: Medium

*Lonicera caerulea* 'Hoka' USPPAF CanPBRAF

YEZBERRY SUGAR PIE® ☉☉ 3-4' Zones 3-7 🚫

Our most compact haskap yet, this selection is the ideal size for residential landscapes. Since it flowers later in spring, it is less susceptible to frost damage. Its large, sweet fruits can be enjoyed fresh, frozen or processed. It requires another Yezberry variety as a pollinator for fruiting. This cultivar was developed in the U.S. by Dr. Maxine Thompson. New this year.

Uses: Home gardens, fruit production Growth Rate: Medium

TINY WINE® *Physocarpus opulifolius*<sup>SMPTOTW USPP26749 Can5128</sup>

Top 20

*Microbiota decussata*<sup>Prides</sup>  
CELTIC PRIDE™ 1-3' Zones 2-7

An excellent, cold-hardy evergreen adaptable to sun or shade, Celtic Pride has superior disease resistance, which prevents the tip die-back common in other Siberian cypress. Its green foliage turns an attractive russet color in the winter. Spreads to 4-5'.

Uses: Foundation plantings, mixed borders, mass plantings Growth Rate: Medium

*Parthenocissus quinquefolia*<sup>Triki</sup>  
RED WALL® 20-30' Zones 3-9

This fast-growing, salt tolerant native vine climbs fences, walls and poles quickly to create a living wall. Its dark green foliage turns fire engine red and blue fruits are produced in fall.

Uses: Specimen plant creates a "green fence" Growth Rate: Fast

*Parthenocissus quinquefolia*  
'Yellow Wall' 20' Zones 3-9

A companion plant for Red Wall® Virginia creeper, this vine is noted for its yellow autumn color. A nice native vine for covering fences and walls quickly.

Uses: Specimen plant creates a "green fence" Growth Rate: Fast

*Physocarpus opulifolius*<sup>Mindia<sup>®</sup> USPP16371 Can2892</sup>  
COPPERTINA® 6-8' Zones 3-7

An all-season beauty with coppery foliage that darkens as it matures and produces white flowers in late spring. Native. Award winner.

Uses: Landscapes, mixed beds, specimens Growth Rate: Medium

*Physocarpus opulifolius*<sup>SMNPOLBLR<sup>®</sup> USPPAF CanPBRAF</sup>  
GINGER WINE™ 5-6' Zones 3-7

Exceptional color all season is the hallmark of this easy care, native flowering shrub. Emerges sunny orange in spring, matures to burgundy, then turns rich orange-red in fall. Large, white flowers in late spring give way to bright red seed heads. Sturdy habit and excellent mildew resistance.

Uses: Landscapes, mixed beds, specimen Growth Rate: Medium

*Physocarpus opulifolius*<sup>Bert Dart's G<sup>®</sup> USPP26246</sup>  
FESTIVUS GOLD® 3-4' Zones 3-7

This improved, native, dwarf ninebark features bright yellow foliage that maintains its coloration throughout the season, even when planted in full sun. It resists the fungal diseases that can plague some varieties. White flower clusters appear prolifically in late spring. New this year.

Uses: Landscapes, foundation plantings, borders Growth Rate: Medium

*Physocarpus opulifolius*<sup>Seward USPP14821 Can2641</sup>  
SUMMER WINE® 5-6' Zones 3-7

A strong grower that doesn't get out of control, Summer Wine is a compact ninebark that features purple foliage and pale pink flowers. It has shown the highest degree of resistance to powdery mildew in multiple trials. Award winner.

Uses: Landscapes, mixed beds, specimens Growth Rate: Medium

*Physocarpus opulifolius*<sup>SMPTOTW USPP26749 Can5128</sup>  
TINY WINE® 3-5' Zones 3-7

This dwarf, native ninebark forms an extra-bushy clump of refined, dark bronze-maroon foliage which contrasts beautifully with the pinkish-white flowers in late spring. Both its spring bloom and red fall foliage are exceptional. It displays a high resistance to mildew. Award winner.

Uses: Mixed borders, hedges, foundation plantings Growth Rate: Medium

TINY WINE® Gold *Physocarpus opulifolius*<sup>SMNPOTWGS USPPAF CanPBRAF</sup>

HAPPY FACE® Pink Paradise *Potentilla fruticosa*<sup>Kupinga USPP22732</sup>

Top 20

HAPPY FACE® White *Potentilla fruticosa*<sup>White Lady USPP22761</sup>

HAPPY FACE® Yellow *Potentilla fruticosa*<sup>Lundy USPP22176 Can4912</sup>

FINE LINE® *Rhamnus frangula*<sup>Ron Williams USPP14791</sup>

BLOOM-A-THON® Hot Pink *Rhododendron (Azalea)*<sup>RLH1-11P1 USPP27900</sup>

BLOOM-A-THON® Lavender *Rhododendron (Azalea)*<sup>RLH1-4P19 USPP21476</sup>

BLOOM-A-THON® Pink Double *Rhododendron (Azalea)*<sup>RLH1-2P8 USPP21477</sup>

*Physocarpus opulifolius*<sup>SMNPOTWGS USPPAF CanPBRAF</sup>  
TINY WINE® Gold 3-5' Zones 3-7

This gold version of our native Tiny Wine® ninebark features the same bushy habit, small, refined leaves, and good mildew resistance. It is especially heavy blooming in late spring, giving it excellent retail appeal when garden center traffic is at its peak.

Uses: Mixed borders, hedges, foundation plantings Growth Rate: Medium

HAPPY FACE® Series 2-3' Zones 2-7

This colorful collection of native potentilla features extremely hardy plants with extra-large flowers that bloom over a very long period from midsummer through fall. Note: *Potentilla fruticosa* has been reclassified as *Dasiphora fruticosa*.

Uses: Mass plantings, mixed borders, foundation plantings Growth Rate: Medium

*Potentilla fruticosa*<sup>Kupinga USPP22732</sup>  
HAPPY FACE® Pink Paradise

Clear pink, semi-double flowers hold their color longer than other pink potentillas. Award winner.

*Potentilla fruticosa*<sup>White Lady USPP22761</sup>  
HAPPY FACE® White

Extra-large, pure white flowers are produced abundantly against a backdrop of dark, healthy foliage.

*Potentilla fruticosa*<sup>Lundy USPP22176 Can4912</sup>  
HAPPY FACE® Yellow

Large, bright yellow flowers shine against the dark, healthy foliage that requires little to no pruning.

*Rhamnus frangula*<sup>Ron Williams USPP14791</sup>  
FINE LINE® 5-7' Zones 2-7

This refined, non-invasive form of buckthorn produces very little fruit and nearly no viable seed. Its columnar habit and finely textured but densely packed, dark green foliage make it great for narrow hedges, screens, as an entryway accent, or feature in large containers. Award winner.

Uses: Containers, landscapes, mixed beds, narrow hedges Growth Rate: Medium

BLOOM-A-THON® Series  
These reblooming azaleas are essential for creating form and structure in shade gardens. Their vibrant blooms appear for months, and their disease resistant, dark green foliage is attractive all year long.  
Uses: Mixed borders, foundation plantings, specimen plant Growth Rate: Medium

*Rhododendron (Azalea)*<sup>RLH1-11P1 USPP27900</sup>  
BLOOM-A-THON® Hot Pink 3.5-4.5' Zones 6b-9

Vivid pink, semi-double, ruffled flowers with freckled throats bloom on mounded plants for months.

*Rhododendron (Azalea)*<sup>RLH1-4P19 USPP21476</sup>  
BLOOM-A-THON® Lavender 3.5-4.5' Zones 6b-9

Bright lavender flowers with deep rose freckled throats appear in spring, then again from midsummer to frost.

*Rhododendron (Azalea)*<sup>RLH1-2P8 USPP21477</sup>  
BLOOM-A-THON® Pink Double 3.5-4.5' Zones 6b-9

Showy bright pink, double flowers appear in spring, summer and fall. This variety sets buds and continues to bloom at lower temperatures than others in the series.

**BLOOM-A-THON® Red**  
Rhododendron (Azalea)<sup>RLH1-1P2 USPP21562</sup>

**BLOOM-A-THON® White**  
Rhododendron (Azalea)<sup>RLH1-3P2 USPP21512</sup>

**BOLLYWOOD® Rhododendron (Azalea)**<sup>Farrow USPP22209</sup>

**DANDY MAN™ Pink**  
Rhododendron<sup>PKT2011</sup>

**DANDY MAN™ Purple**  
Rhododendron<sup>LAVJ2011 USPP26976</sup>

**'Amy Cotta' Rhododendron**<sup>USPP11311</sup>

**LIVIN' LA VIDA® Rosa x**<sup>Hornimrod USPP27366</sup>

**OSO EASY® Cherry Pie**  
Rosa x<sup>Meiboulka USPP19258 Can4870</sup>

**Rhododendron (Azalea)**<sup>RLH1-1P2 USPP21562</sup>

**BLOOM-A-THON® Red** 🌱 3-4' Zones 6b-9

Large, crimson red flowers glow against the dark green foliage in spring, summer and early fall.

**Rhododendron (Azalea)**<sup>RLH1-3P2 USPP21512</sup>

**BLOOM-A-THON® White** 🌱 2.5-3' Zones 6b-9

The shortest of the series, this variety produces an abundance of large, white flowers in spring, summer and fall.

**Rhododendron (Azalea)**<sup>Farrow USPP22209</sup>

**BOLLYWOOD®** 🌱 2-3' Zones 6-9

Bright neon red-pink flowers engulf this compact semi-evergreen azalea in spring. Vivid, glossy, silver and dark green variegated foliage supplies the color for the rest of the year. A very showy plant with lots of impulse appeal.

Uses: Landscapes, beds, borders, specimen plant Growth Rate: Medium

**Rhododendron**<sup>PKT2011</sup>

**DANDY MAN™ Pink** 🌱 6-8' Zones 5-9

A unique combination of hardiness, heat tolerance and root rot resistance makes this *R. hyperthyrum* hybrid a garden workhorse. Pink flowers adorn this attractive, dark green, well-branched shrub during its early midseason bloom time. Developed by former ARS Past-President Dr. Leonard Miller.

Uses: Landscapes, mass plantings, foundations Growth Rate: Slow to medium

**Rhododendron**<sup>LAVJ2011 USPP26976</sup>

**DANDY MAN™ Purple** 🌱 6-8' Zones 4-8

This hard-working Joe Parks' hybrid has proven hardy in Maine and New Hampshire. You'll love the rich purple blooms, but you will really appreciate the *R. pseudochrysanthum* genes which give it an extremely high level of phytophthora resistance. Pretty and tough, this shrub delivers.

Uses: Landscapes, mass plantings, foundations Growth Rate: Slow to medium

**Rhododendron**<sup>USPP11311</sup>

**'Amy Cotta'** 🌱 2-3' Zones 4-8

A heavy-blooming form of 'PJM' rhododendron, this variety also features smaller, darker green, azalea-like leaves. Glowing lavender pink flowers cover the plant in early spring. Perfect for designs that call for slow growing, semi-dwarf, flowering evergreens.

Uses: Landscapes, beds, borders, specimen plant Growth Rate: Slow

**Rosa x**<sup>Hornimrod USPP27366</sup>

**LIVIN' LA VIDA®** 🌱 30-36" Zones 5-9

The remarkable bright coral to flamingo pink flowers of Livin' La Vida rose pop against the glossy, dark green foliage. This continuous-blooming, disease-resistant rose produces lots of showy, full blooms with a high petal count. Its compact, upright growth and good branching make it an excellent container plant as well as a great landscape plant.

Uses: Specimen plant, mixed border Growth Rate: Medium

**OSO EASY® Series**

Boasting the broadest color range of any series of landscape roses, exceptional disease resistance, and excellent winter hardiness, it is oh-so-easy to see why you should add these varieties to your lineup.

Uses: Containers, landscapes, beds Growth Rate: Medium

**Rosa x**<sup>Meiboulka USPP19258 Can4870</sup>

**OSO EASY® Cherry Pie** 🌱 2-4' Zones 4-9

Single, cherry red flowers with bright yellow stamens are produced abundantly all summer long on this popular, award winning variety.

**OSO EASY® Double Red**  
Rosa x<sup>Meipeporia USPP26236</sup>

**OSO EASY® Peachy Cream**  
Rosa x<sup>Harcoherent USPP15982 Can3584</sup>

**Rosa x**<sup>Meipeporia USPP26236</sup>

**OSO EASY® Double Red** 🌱 3-4' Zones 4-9

This seedling from Double Knock Out® bears an abundance of double, bright red flowers on neatly rounded plants all summer.

**Rosa x**<sup>FARROWRSP USPPAF CanPBRAF</sup>

**OSO EASY HOT PAPIKA®** 🌱 1-2' Zones 3-9

This sport of Oso Easy® Paprika rose features richer flower colors that range from dark orange to vivid salmon on plants with a similar low mounding habit. It is one of the hardiest landscape roses on the market today. New this year.

**Rosa x**<sup>Chewground USPP15981</sup>

**OSO EASY® Fragrant Spreader** 🌱 1-2' Zones 3-9

This exceptionally hardy, low growing, groundcover rose produces an abundance of fragrant, single, pink flowers from midsummer to early fall. Award winner.

**Rosa x**<sup>CHEWNICEBELL USPP26532 Can5131</sup>

**OSO EASY® ITALIAN ICE®** 🌱 18-30" Zones 4-9

Like 'Peace' in color, this gorgeous landscape rose features electric orange buds which open to semi-double, soft yellow flowers with pink-blushed margins. The self-cleaning flowers shine against the dark green, glossy foliage all summer.

**Rosa x**<sup>Chewhacan USPP26914 Can5130</sup>

**OSO EASY® Lemon Zest** 🌱 2-3' Zones 4-9

The best yellow landscape rose we've ever evaluated, meeting our highest standards for brilliant, lasting color and excellent disease resistance. Non-fading, canary yellow flowers glow against the glossy green foliage all summer. Award winner.

**Rosa x**<sup>ChewperAdventure USPP22190 Can4688</sup>

**OSO EASY® Mango Salsa** 🌱 2-3' Zones 4-9

Continuous blooms in unique shades of ruby red grapefruit, summer sunsets and fancy tropical drinks top this stunning, mounded landscape rose from midsummer through fall.

**Rosa x**<sup>ChewMayTime USPP18347 Can3401</sup>

**OSO EASY® Paprika** 🌱 1-2' Zones 3-9

This exceptionally hardy rose features abundant, single, red-orange flowers with a yellow eye from midsummer to early fall on low mounding plants. Its glossy green foliage displays reddish new growth. Award winner.

**Rosa x**<sup>Harcoherent USPP15982 Can3584</sup>

**OSO EASY® Peachy Cream** 🌱 1-3' Zones 3-9

This award winning rose features large, double flowers that emerge peach and transition to cream. The self-cleaning blooms shine against the glossy, low mounded foliage from midsummer to early fall.

*Rosa x* <sup>'ZLEMarianne Yoshida'</sup> USPP22205 Can4448

OSO EASY® Petit Pink 2.5-3.5' Zones 4-9

This award winning rose features sprays of petite, bubblegum pink flowers reminiscent of a miniature rose but on a full-sized landscape plant. Its refined, mounded habit, exceptional disease resistance and continuous bloom set it apart from 'The Fairy.'

*Rosa x* <sup>'ChewAllBell'</sup> USPP28817 Can5129

OSO EASY® Pink Cupcake 2-4' Zones 4-9

This award winning, floriferous rose features extra-large, extra-full, pink flowers with a touch of coral all summer. The mounded, glossy green foliage displays reddish new growth.

*Rosa x* <sup>'ChewPatour'</sup> USPPAF CanPBRAF

OSO EASY® URBAN LEGEND® 2.5-3' Zones 4-9

Always in bloom, this exceptional landscape rose features rare true red, semi-double flowers with sunny yellow stamens from early summer to frost. They glow against the glossy dark green foliage.

### OSO HAPPY® Series

These *R. polyantha* hybrids bring old-fashioned charm and modern convenience to the hardy landscape rose market. They bear large clusters of non-stop blooms for months beginning in early summer atop disease resistant, refined, mounded foliage.

Uses: Mass plantings, shrub and perennial borders *Growth Rate:* Medium

*Rosa x* <sup>'ZLEMartinCipar'</sup> USPP20471

OSO HAPPY® CANDY OH!™ 3-4' Zones 4-9

This popular rose features large sprays of single, candy apple red flowers with yellow stamens on densely mounded plants.

*Rosa x* <sup>'ZLECharlie'</sup> USPP23456

OSO HAPPY® Smoothie 3' Zones 4-9

The perfect rose for people who love roses but dislike thorns. This thornless rose makes an ideal choice for landscaping around patios, pools and anywhere children play. Sprays of single pink flowers with white centers bloom all season.

*Sambucus nigra* <sup>'Gerda'</sup> USPP12305

BLACK BEAUTY™ 8-12' Zones 4-7

Large, pink flowers in early summer shine against the near-black foliage of this intriguing elderberry. Black, edible fruit is produced in fall if a pollinator is present. Award winner.

Uses: Containers, mixed beds, specimens, hedges *Growth Rate:* Fast

*Sambucus nigra* <sup>'Eva'</sup> USPP15575 Can2633

BLACK LACE® 6-8' Zones 4-7

Reminiscent of a Japanese maple with its deep purple-black, lacy foliage, this durable shrub bears large, 6" diameter, pink flowers in early summer. Strongest leaf coloration occurs in full sun and cooler temperatures. Award winner.

Uses: Containers, mixed beds, specimens, hedges *Growth Rate:* Fast

*Sambucus nigra* <sup>'Sanivalk'</sup> USPPAF CanPBRAF

INSTANT KARMA® 6-8' Zones 4-7

Major improvement over older variegated elderberries. Attractive, glaucous green leaves bear gold margins that transition to creamy white. Large, lacy, white flowers appear in early summer; purple-black fruit is produced in fall if a pollinator is nearby. Grow as a small tree or large shrub.

Uses: Containers, mixed beds, specimens, hedges *Growth Rate:* Fast

*Sambucus nigra* <sup>'SMR1292'</sup> USPPAF CanPBRAF

STRAIT-LACED® 6-8' Zones 4-7

This incredibly unique, fastigate elderberry forms a narrow, upright column of jet black, deeply incised foliage that holds its color well all season, even when grown under poly. Large, pink flowers appear in early summer. Grow it as a "living sculpture" in a large container or as a conversation piece near a patio. New this year.

Uses: Specimen, container, borders, beds *Growth Rate:* Medium

*Sambucus racemosa* <sup>'SMNSRD4'</sup> USPP26613 CanPBRAF

LEMONY LACE® 3-5' Zones 3-7

Eye-catching at retail and in the garden, this award winning cultivar of our native red elderberry forms a compact, irregular mound of extremely fine textured, bright gold foliage that emerges reddish in spring. White spring flowers lead to red fruit in fall. This cultivar has improved sunburn resistance and will tolerate full sun in northern climates.

Uses: Landscapes, specimen plant *Growth Rate:* Fast

*Schizophragma hydrangeoides* <sup>'Minsens'</sup>

ROSE SENSATION™ 40-50" Zones 5-9

This elegant and distinctive cultivar of the shade tolerant false hydrangea vine features larger, deeper pink flowers in early to midsummer. Its sturdy stems will climb up tree trunks, walls, poles and fences.

Uses: Specimen plant, woodland gardens *Growth Rate:* Medium

### DOUBLE PLAY® Series

Selected for their superior color and habit, this diverse series of spirea is super showy from the time they leaf out in spring until the last leaves drop in fall. Growers will love how fast they are in production.

Uses: Mixed beds, landscapes, mass plantings *Growth Rate:* Medium to fast

*Spiraea japonica* <sup>'Galen'</sup> USPP21712 Can4072

DOUBLE PLAY® ARTISAN® 24-30" Zones 3-8

Rich, pure pink flowers top the compact, full mound of blue-green foliage which emerges purple-red in spring.

*Spiraea* <sup>'Tracy'</sup> USPP21588 Can4073

DOUBLE PLAY® BIG BANG™ 2-3' Zones 3-8

Glowing orange spring foliage gives way to bright yellow summer color topped with the biggest pink flowers you'll find on a spirea.

*Spiraea media* <sup>'SMSMBK'</sup> USPP26655 CanPBRAF

DOUBLE PLAY® BLUE KAZOO® 2-3' Zones 3-8

Cool blue foliage is the perfect backdrop for crisp white spring blooms on neatly mounded plants. Burgundy new growth in spring foreshadows the rich red fall foliage color.

*Spiraea japonica* <sup>'NCSX1'</sup> USPPAF CanPBRAF

DOUBLE PLAY® CANDY CORN™ 1.5-2' Zones 4-7

A cornucopia of color! New growth emerges candy apple red in spring, maturing to pineapple yellow while bright orange new growth continues to pop up all season. To top off the color show, deep purple flowers appear in late spring.

*Spiraea japonica* <sup>'Yan'</sup> USPP21615 Can4074

DOUBLE PLAY® Gold 1.5-2' Zones 3-8

Abundant pink flowers cover this compact, gold-leaved, low mounded spirea. In side by side trials with twenty other gold spireas, this award winning variety stood out above all others in the landscape and containers.

**DOUBLE PLAY® PAINTED LADY™** ☀️🌱 2-3' Zones 3-8 🦋🚫  
Who needs flowers with fabulous foliage like this? Splashy green and yellow variegated leaves ensure a non-stop show all season. Variegation is clean and stable. Hot pink flowers in late spring are an added bonus. Introduced by popular request!

*Spiraea japonica* <sup>SMNSJMF7 USPP26995 CanPBR/AF</sup>  
**DOUBLE PLAY® Pink** ☀️🌱 24-36" Zones 3-8 🦋🚫  
Greatly improved selection with more vibrant flower color and excellent foliage. Foliage emerges dark red in spring, then changes to rich green, forming a dense mound. Intense pink flowers cover the shrub in late spring. The perfect combination of form, flowers, and foliage.

*Spiraea japonica* <sup>SMNSJMF8 USPP26993 CanPBR/AF</sup>  
**DOUBLE PLAY® Red** ☀️🌱 24-36" Zones 3-8 🦋🚫  
A color breakthrough for *Spiraea*, this selection bears revolutionary red flowers in late spring. Together with its showy dark burgundy spring foliage, it's the perfect double play.

*Spiraea betulifolia* <sup>Tor Gold USPPAF Can5121</sup>  
**GLOW GIRL®** ☀️🌱 3-4' Zones 3-8 🦋🚫  
Pink buds open to white flowers in spring at the height of the retail season. The crisp lemon-lime foliage of this native, award winning spirea holds its color well without burning in summer, and turns red in fall. A dream to grow; no special spacing or pruning needed to produce an attractive finished container.

Uses: Mixed beds, landscapes, mass plantings Growth Rate: Medium

*Spiraea nipponica* <sup>SMNSNF0 USPPAF CanPBR/AF</sup>  
**WEDDING CAKE®** ☀️🌱 3-3.5' Zones 4-8 🚫  
A new look for an old-fashioned favorite. A smaller, more compact habit makes this plant easier to fit into residential landscapes and

low-maintenance commercial plantings. Pure white flowers blanket the blue-green foliage in late spring on rounded rather than arching plants.  
Uses: Specimen, hedges, screening Growth Rate: Medium

*Symphoricarpos* <sup>Sofie USPP21226</sup>  
**PROUD BERRY™** ☀️🌱 3-4' Zones 3-7 🚫  
An improvement over Amethyst™, selected for its compact habit and profusion of bright pink berries in late summer to fall. This hardy native cultivar is amazingly tough and easy to grow in a range of soil types.

Uses: Fall interest, cut stems Growth Rate: Fast

### BLOOMERANG® Series

Bloomerang varieties are the most compact, generously reblooming dwarf lilacs on the market today. Their fragrant flowers are produced prolifically in spring and again from midsummer to frost, long past even the latest blooming lilacs.

Uses: Mixed borders, foundation plantings Growth Rate: Medium

*Syringa* <sup>SMNSJBF7 USPP26549 Can5076</sup>  
**BLOOMERANG® Dark Purple** ☀️🌱 4-6' Zones 3-7 🦋🚫  
The largest of the series, this variety produces bigger, more rounded, fragrant flower panicles than Bloomerang® Purple. It displays exceptional vigor and is fast in production. Award winner.

*Syringa* <sup>USPP24252 Can5054</sup>  
**BLOOMERANG® 'Pink Perfume'** ☀️🌱 4-5' Zones 3-7 🦋🚫  
This pink reblooming lilac features the same bloom pattern as its Bloomerang siblings, its branched clusters of fragrant flower panicles signifying the arrival of spring each year. Compact growth and good mildew resistance make it a great plant in production and landscapes. Award winner.

This pink reblooming lilac features the same bloom pattern as its Bloomerang siblings, its branched clusters of fragrant flower panicles signifying the arrival of spring each year. Compact growth and good mildew resistance make it a great plant in production and landscapes. Award winner.

**BLOOMERANG® Purple** ☀️🌱 4-5' Zones 3-7 🦋🚫  
This is the reblooming lilac that first rocked the shrub world with its highly fragrant, lilac purple flowers that bloom first in spring and then again from midsummer to frost. Its beautiful foliage is mildew resistant.

*Syringa x* <sup>SMNSJFM USPP26948 Can5077</sup>  
**SCENT AND SENSIBILITY™ Pink** ☀️🌱 2-3' Zones 3-7 🦋🚫

This widely mounding, reblooming lilac is loaded with fragrant, soft lilac-pink flowers every spring and summer. It is from the same breeding program as Bloomerang® and exhibits some rebloom, though not quite as abundantly as those in that series. Its habit, flower color and strong fragrance were so exceptional, we had to introduce it.

Uses: Mixed borders, foundation plantings Growth Rate: Medium

*Thuja occidentalis* <sup>'Anna van Vloten' USPP25868 Can5284</sup>  
**ANNA'S MAGIC BALL™** ☀️🌱 10-15' Zones 3-7  
Dwarf evergreens are popular at retail and are versatile in landscapes. This sport of 'Danica' forms a sphere of bright golden yellow foliage that has good burn-resistance and holds its color well in winter. Native cultivar.

Uses: Borders, foundation plantings, accent plant Growth Rate: Slow

*Thuja occidentalis* <sup>USPP21974 Can5285</sup>  
**'Filips Magic Moment'** ☀️🌱 6-8' Zones 3-7  
Not your typical arborvitae, this award winner has the same desirable size and habit of a dwarf Alberta spruce but in bright gold. Native cultivar.

Uses: Hedges, foundation plantings, accent plant Growth Rate: Slow

*Thuja occidentalis* <sup>'Art Boe' USPP22174 Can3912</sup>  
**NORTH POLE®** ☀️🌱 10-15' Zones 3-7  
Developed in Minnesota, this hardy native cultivar forms a narrow column of dark green foliage that keeps its color and resists winter burn. It is narrower than 'Smargd' (AKA Emerald Green).

Uses: Hedges, screens Growth Rate: Medium

*Thuja occidentalis* <sup>SMTOYB USPP25388 CanPBR/AF</sup>  
**POLAR GOLD™** ☀️🌱 12-15' Zones 3-7  
Suitable for screening or as a specimen, this golden columnar evergreen lights up the landscape year round. Its dense, finely textured foliage is resistant to windburn. Native cultivar.

Uses: Hedges, screens Growth Rate: Medium

*Thuja plicata* <sup>Grovepl</sup>  
**SPRING GROVE®** ☀️🌱 20' plus Zones 5-8 🚫  
This fast growing, cold hardy Western arborvitae maintains its rich green color in winter and its tight pyramidal habit without pruning. This native cultivar has shown excellent resistance to deer browsing. Award winner.

Uses: Hedges, landscapes Growth Rate: Slow

*Viburnum carlesii* <sup>SMVCEB USPP25872 Can5307</sup>  
**SPICE BABY™** ☀️🌱 3.5-5' Zones 4-8 🚫  
Get the intoxicating spring fragrance of a traditional Koreanspice viburnum in a petite package that fits in every landscape. Stronger growing than other compact varieties, growers will love this dwarf selection.

Uses: Mixed borders, foundation plantings Growth Rate: Medium to slow

SPICE GIRL® 6-7' Zones 4-8

Everything you want in a viburnum and more: strong growth, fragrance, and colorful flowers. Spring flowers emerge deep reddish pink and mature to pinkish white. Growers especially love this variety.

Uses: Landscapes, mixed beds Growth Rate: Medium to slow

*Viburnum cassinoides* <sup>SMNVCCDD</sup> USPP27549 CanPBR/AF

LIL' DITTY® 1-2' Zones 3-8

This extremely dwarf, native viburnum is covered in creamy white flowers in late spring. The fruit eventually turns black and remains through winter to provide visual interest and food for songbirds. It is very hardy, adaptable and easy to grow.

Uses: Mixed borders, foundation plantings Growth Rate: Medium

*Viburnum dentatum* var. *deamii* <sup>SMVDLS</sup> USPP26576 Can5410

ALL THAT GLITTERS® 4-6' Zones 5-8

Much smaller than others of this type, this native selection produces large clusters of white flowers in spring that shine against the unusually glossy foliage. Blue fruits are produced in fall when planted near its companion, All That Glows® arrowwood viburnum.

Uses: Mixed borders, wildlife gardens, foundation plantings Growth Rate: Medium

*Viburnum dentatum* var. *deamii* <sup>SMVDBL</sup> USPP25897 Can5409

ALL THAT GLOWS® 4-6' Zones 5-8

The high gloss shine and smaller, densely compact habit of this native arrowwood viburnum make it a beautiful plant to use as hedging or foundation plantings. White spring flowers give way to large clusters of showy blue berries in late summer and fall when planted near its companion, All That Glitters®.

Uses: Mixed borders, wildlife gardens, foundation plantings Growth Rate: Medium

*Viburnum dentatum* <sup>Christom</sup>

BLUE MUFFIN® 5-7' Zones 3-8

This selection of native arrowwood viburnum produces masses of white flowers in spring followed in late summer by intense blue berries that are a favorite of songbirds. Use Chicago Lustre® as a pollinator.

Uses: Landscapes, wildlife-friendly gardens, mixed beds, foundation plantings Growth Rate: Medium

*Viburnum dilatatum* <sup>Henneke</sup> USPP12870

CARDINAL CANDY™ 6-8' Zones 5-8

Offering improved hardiness over other linden viburnums, this showy selection produces a heavy crop of persistent, shiny red fruit. Though it fruits without a pollinator, it is improved when planted near Tandoori Orange™ viburnum. Creamy white flowers appear prolifically in spring.

Uses: Landscapes, specimens, mixed beds Growth Rate: Medium

*Viburnum dilatatum* <sup>SMNVDMDD</sup> USPP/AF CanPBR/AF

TANDOORI ORANGE™ 6-8' Zones 5-8

The first-ever orange-fruited linden viburnum! Bright fruit and orange-red fall color light up the autumn landscape. Large, white flower clusters cover the plant in spring. Use Cardinal Candy™ viburnum as a pollinator. New this year.

Uses: Landscapes, specimens, mixed beds Growth Rate: Medium

*Viburnum nudum* <sup>Bulk</sup>

BRANDYWINE™ 5-6' Zones 5-9

Grow this variety of native Southern witheredod viburnum for the most beautiful fruit display imaginable. Green berries transition through shades of pink, blue and ivory, backed by glossy, dark green foliage that turns maroon in fall. It will fruit without a pollinator but is better when planted near another *V. nudum* like 'Winterthur'.

Uses: Landscapes, mixed beds Growth Rate: Medium

*Viburnum plicatum* var. *tomentosum* <sup>SMNVTFD</sup> USPP/AF CanPBR/AF

WABI-SABI™ 2-3' Zones 5-8

A drift of pure white, lacecap blooms line the branches of this dwarf, low spreading cultivar of doublefile viburnum in spring. Its habit offers new opportunities for landscape use – front of the border, mass plantings, and lining walkways. New this year.

Uses: Landscapes, specimens, mixed beds Growth Rate: Medium

*Viburnum x rhytidophylloides* <sup>NCVRI</sup> USPP/AF

EMERALD ENVY™ 6-8' Zones 6-9

A standout among others of its kind, this Tom Ranney selection forms a dense, compact, semi-evergreen shrub loaded with creamy white flowers in spring. It is named for its bold, glossy, emerald green foliage.

Uses: Landscapes, hedges, foundation plantings, specimen Growth Rate: Medium

*Viburnum* <sup>Redell</sup> USPP24227 Can4913

RED BALLOON™ 6-8' Zones 4-8

Showy and easy to grow, this compact, well-branched selection has great container presentation. It is loaded with white flowers in spring followed by showy clusters of bright red fruit in late summer and fall. Fruiting is enhanced if planted near *V. 'Mohican'* or *V. x r. 'Alleghany.'*

Uses: Mixed borders, landscapes Growth Rate: Medium

*Viburnum* <sup>Le Bois Marquis</sup> USPP21686

HANDSOME DEVIL® 6-8' Zones 7-9

This elegant, glossy evergreen viburnum was selected for its green, burgundy, and orange-bronze foliage color in spring and fall. Its compact, dense habit makes it great for hedging in milder climates. Pure white flowers are followed by red to black fruits. Use *V. odoratissimum* as a pollinator.

Uses: Hedge, specimen plant Growth Rate: Medium

*Viburnum* <sup>NCVX1</sup> USPP/AF

SHINY DANCER® 3-5' Zones 6-8

This semi-evergreen viburnum boasts exceptionally shiny, dark green leaves which turn rich burgundy red in fall. Spring brings abundant creamy white flowers and new leaves tinged with red. Compact, easy to grow, adaptable landscape plant. Produces fruit when pollinated by *V. 'Huron'* or *V. 'Chippewa'*.

Uses: Mixed borders, mass plantings, landscapes Growth Rate: Medium

*Vitex agnus-castus* <sup>SMVACBO</sup> USPP26614

BLUE DIDDLEY® 3-6' Zones 5-9

This dwarf chaste tree is a ball of lavender-blue flowers spikes in midsummer. Its compact size presents better in containers than other varieties.

Uses: Perennial gardens, mixed borders Growth Rate: Medium

**CZECHMARK™ Series** 3-4.5' Zones 4-8

These extra-hardy selections from Czech Republic breeding have awesome flower power, producing a heavy crop of extra-large flowers in vivid colors. They create an amazing floral display in containers at retail and in the landscape from late spring to early summer.

Uses: Landscape, foundation plantings, hedges, mixed borders Growth Rate: Medium

*Weigela florida* <sup>VUKOZM1323</sup> USPP/AF CanPBR/AF

CZECHMARK SUNNY SIDE UP™

Lush, apple green foliage creates a perfect backdrop for the crisp white flowers with egg yolk-yellow throats. New this year.

*Weigela florida* <sup>VUKOZGemin</sup> USPP/AF CanPBR/AF

CZECHMARK TRILOGY™

An improved, more compact version of 'Carnaval', this selection bears larger flowers in more vivid hues of pink, white and red all at once above the glossy foliage. New this year.

**CZECHMARK TWOPINK™**  
Weigela florida<sup>™</sup> 'VUKOZ29345' USPPAF CanPBR/AF

*Weigela florida*<sup>™</sup> 'VUKOZ29345' USPPAF CanPBR/AF

**CZECHMARK TWOPINK™**

A real standout in our trials, this heavy blooming selection produces a memorable show of light and dark pink flowers which completely blanket this shrub. New this year.

*Weigela florida*<sup>™</sup> 'Bramwell' USPP18513

**FINE WINE®**

☀️ 2-3' Zones 4-8 🦋 🦋 🦋

This compact, mounded beauty with dark burgundy foliage and an abundance of rosy pink blooms is smaller than Wine & Roses® weigela but larger than Midnight Wine® weigela.

*Weigela florida*<sup>™</sup> 'Carlton' USPP20025 Can3860

**GHOST®**

☀️ 4-5' Zones 4-8 🦋 🦋 🦋

This unique weigela lights up the garden in sun or part shade with its remarkable foliage that turns a ghostly, iridescent buttercream as the summer progresses. Dark reddish pink flowers bloom heavily in spring followed by sporadic rebloom in summer.

*Weigela florida*<sup>™</sup> 'Elena' USPP12217 Can2643

**MIDNIGHT WINE®**

☀️ 10-12' Zones 5-8 🦋

Standing just under a foot tall, Midnight Wine® weigela is small in size but provides plenty of color in the landscape. Rosy pink flowers may appear in spring, but this variety is primarily grown for its striking deep purple foliage. Award winner.

*Weigela florida*<sup>™</sup> 'Verweig' USPP16824 Can3315

**MY MONET®**

☀️ 12-18" Zones 4-7 🦋 🦋 🦋

A masterpiece in the garden, My Monet weigela boasts colorful green, pink, and cream foliage and bright pink blooms in the spring. Tight, low-mounding habit adds versatility in sun or part shade. Award winner.

*Weigela florida*<sup>™</sup> USPP22212 Can4691

**MY MONET® 'Sunset'**

☀️ 12-18" Zones 5-7 🦋

This unique dwarf weigela is grown primarily for its attractive gold variegated foliage that takes on extraordinary sunset hues in fall. It occasionally produces soft rosy pink flowers.

**SONIC BLOOM® Series**

☀️ 4-5' Zones 4-8 🦋 🦋 🦋

Remarkably strong rebloom is the hallmark of the Sonic Bloom series. Brilliant flowers open in late spring and then rebloom from midsummer to frost without deadheading. The plants in this series are fast growing, with excellent container presentation, and are great for season-long impulse sales.

Uses: Mixed beds, foundation plantings Growth Rate: Fast

*Weigela florida*<sup>™</sup> 'Bokrasopea' USPP24585 Can4598

**SONIC BLOOM® Pearl**

Flowers open pure white with a yellow throat and then change to pink, giving you multiple colors on a single plant. The flowers really pop against the bright green foliage.

*Weigela florida*<sup>™</sup> 'Bokrasopin' USPP24572 Can4597

**SONIC BLOOM® Pink**

This strong rebloomer features hot pink buds which open to rich pink flowers in late spring and repeat until frost.

Sonic Bloom® is a trademark of the Syngenta Group Company.

**SONIC BLOOM® Red**  
Weigela florida<sup>™</sup> 'Verweig 6' USPP25132 Can4716

**SPILLED WINE®**  
Weigela florida<sup>™</sup> 'Bokrasopin' USPP23781 Can4655

**WINE & ROSES®** Weigela florida<sup>™</sup> 'Alexandra' USPP10772 Can2642

*Weigela florida*<sup>™</sup> 'Verweig 6' USPP25132 Can4716

**SONIC BLOOM® Red**

The lipstick red flowers are remarkable and make this beauty a must-have shrub.

*Weigela florida*<sup>™</sup> 'Bokrasopin' USPP23781 Can4655

**SPILLED WINE®**

☀️ 2-3' Zones 4-8 🦋 🦋 🦋

This outstanding purple-leafed weigela deserves a place in every landscape. Though its hot magenta pink flowers are similar to Wine & Roses®, its habit is completely unique. Dark wine red foliage forms a low, spreading mound that is wider than tall. An easy sell for season-long color on a low maintenance plant.

*Weigela florida*<sup>™</sup> 'Alexandra' USPP10772 Can2642

**WINE & ROSES®**

☀️ 4-5' Zones 4-8 🦋 🦋 🦋

Now a landscape standard, this award winning weigela is a source of season-long beauty in the garden. It forms a rounded shrub with dark burgundy-purple foliage and intense rosy pink flowers. Grow it in full sun to achieve the darkest purple coloration.

SPILLED WINE®  
Weigela

## Shrubs by Region

**Easy-to-grow shrubs for growers new to growing woody ornamentals:**  
 Buddleia  
 Hibiscus  
 Hydrangea  
 Roses  
 Spiraea  
 Weigela

## 10 Recommended Shrubs for Landscapers

INCREDIBALL®  
*Hydrangea arborescens* <sup>Alabwa</sup> USPP20571 Can4186

LITTLE LIME®  
*Hydrangea paniculata* <sup>Jana</sup> USPP22330 Can3914

SHOW OFF®  
*Forsythia x intermedia* <sup>Mindor</sup> USPP19321

KODIAK® Black  
*Diervilla rivularis* <sup>SMINDRF</sup> USPP27530 CanP8AF

TINY WINE®  
*Physocarpus opulifolius* <sup>SMPT01W</sup> USPPAF Can5128

SPILLED WINE®  
*Weigela florida* <sup>3okrasgwi</sup> USPP23781 Can4855

SUGAR SHACK®  
*Cephalanthus occidentalis* <sup>SMQSS</sup> USPP26543 Can5124

LEMONY LACE®  
*Sambucus racemosa* <sup>SMNSRD4</sup> USPP26613 CanB8AF

YUKI CHERRY BLOSSOM®  
*Deutzia* <sup>NC2KZ</sup> USPPAF Can5079

DOUBLE PLAY® BIG BANG™  
*Spiraea* <sup>Taney</sup> USPP21588 Can4073

INCREDIBALL® *Hydrangea arborescens* –

This improved version of 'Annabelle' has large flowers held upright on sturdy stems – no flopping!

LITTLE LIME® *Hydrangea paniculata* –

The dwarf form of 'Limelight' hydrangea has the same easy flowering and unusual color of the original but is only 3-5' tall.

SHOW OFF® *Forsythia x intermedia* –

The exceptional flower display and compact size of these new forsythias make them superior choices for landscapes.

KODIAK® series *Diervilla* –

Adaptable, drought tolerant, native shrubs that thrive in sunny and shady landscapes. Choose from three colors in our collection.

TINY WINE® *Physocarpus opulifolius* –

Finely textured disease-resistant cultivar of our native ninebark. The dark foliage turns red in fall.

SPILLED WINE® *Weigela florida* –

A compact version of Wine & Roses®, it is just 2-3' tall and 3' wide. An excellent choice for mass plantings.

SUGAR SHACK® *Cephalanthus occidentalis* –

A compact form of our native buttonbush with showy red fruit.

LEMONY LACE® *Sambucus racemosa* –

A showy native plant with outstanding color and texture, Lemony Lace® *Sambucus* is an excellent specimen plant. Use it as an alternative to Japanese maple in harsh climates.

YUKI CHERRY BLOSSOM® *Deutzia* –

Finally, a pink flowered *Deutzia* 'Nikko'! This compact, deer-resistant *deutzia* is great for mass plantings, and adds both spring and fall color to the landscape.

DOUBLE PLAY® BIG BANG™ *Spiraea* –

Massive pink flowers and showy orange spring foliage make this a superior *spirea* selection.

### New to shrubs? Request our growing sheets!

Available for all 270+ varieties of Proven Winners® ColorChoice® Shrubs, these concise one-page guides provide all the cultural information you need to produce a full, well-branched crop. They also include timing suggestions to help you ship product at the right stage to the right market. Each sheet includes a photo and a bulleted list of features and benefits, so they are helpful for sales teams, landscapers, and garden center staff as well. Convenient pdfs can be printed or saved to a computer or mobile device for easy reference anywhere.

### Have you seen our landscape spec sheets?

Our colorful, one-page spec sheets lay out all the vital details landscapers and garden centers need to know to spec, stock, and sell our shrubs. They are available for every Proven Winners® ColorChoice® shrub variety.

The Spring Meadow Nursery team will be happy to get you the growing or spec sheets you need for your business. You can reach them at 1-800-633-8859.
